5 School Board Members Resign In Little Rock

LITTLE ROCK, Ark. (AP) — Five members of the embattled Little Rock School Board resigned Wednesday night to clear the way for a quicker solution to the impasse in the integration situation here.

The mass resignation, subject of widespread rumor for the past several days, came as no surprise.

Before the resignations, the board paid off the contract of School Supt. Virgil T. Blossom, frequent target of segregationists and Gov. Orval E. Faubus as the author of the Little Rock plan of gradual integration.

Amis Guthridge, an attorney and member of the pro-segregation Capital Citizens Council, said he would file a suit seeking to block the action on Blossom's contract.

"That is a clear piece of collusion between the board and Virgil Blossom, who has always dominated that board," Guthridge said.

The resignations, effective at midnight Friday, left Dr. Dale Alford, an outspoken segregationist who has consistently voted against the board majority on integration matters, the only remaining member.

All six positions will be open in the Dec. 6 school elections since Alford's term is expiring and as a congressman-elect he will not seek another term.

Pulaski County Judge Arch Campbell is expected to appoint an interim board to serve until after the election.

The resigning members — President Wayne Upton, Harold Engstrom, Dr. W. G. Cooper, R. A. Lile and Frank Lambright — have drawn almost constant criticism from anti-integration elements since the racial crisis erupted here 14 months ago.

In a joint statement, the five pointed out that the resignations would not relieve the new board of obligations to comply with federal court integration orders.

The statement said, however, that the move would give voters in the Dec. 6 election "their first opportunity to express a clear cut choice as to whether we have public schools in Little Rock or not."

Nine Negroes attended Central last year under protection of federal troops, but this fall Faubus closed the high schools rather than have them integrated when the U.S. Supreme Court refused a delay.

Alford staged a one-man battle to head off termination of Blossom's contract and a resulting resolution to pay him $19,741 for the remaining 19 months of the pact.

Alford, who gathered enough popular support from his anti-integration statements to enable him to defeat Rep. Brooks Hays (D-Ark) in a one-week write-in campaign, drew a sharp rebuke from Cooper for his objections to paying Blossom off.

"He's our responsibility," Cooper said. "It would be ungentlemanly to do otherwise."

Blossom, who became school superintendent in 1953, will serve until Nov. 30. He said he has no plans for another job.

West Berliners Start to Relax

Red Bear Appears To Be Only Growling

BERLIN (AP) — West Berliners breathed more easily today because the Russian bear and its East German followers appeared —for the moment—to have more growl than bite.

The tipoff came in a news conference Wednesday by Premier Otto Grotewhol of Communist East Germany. Several hundred correspondents attended.

Most of them expected some sort of a dramatic followup to Nikita Khrushchev's demand that the Western Allies give up West Berlin, a capitalistic thorn buried 110 miles inside Communist East Germany.

Many correspondents thought Grotewohl had been tapped by the Soviet premier to announce that the Russians were giving the East Germans control over Allied military traffic into West Berlin. The Allies prefer Russian control because this permits them to avoid recognizing the East German regime.

Grotewohl strode into the conference room 10 minutes late. He said he knew the correspondents expected something sensational but wouldn't get it from him.

What they got was nearly two hours of Communist verbiage about peace, German unification, the Berlin situation and the possibility of negotiations to get Soviet troops out of East Germany.

Throughout, Grotewohl gave the impression he may have received the word from Moscow. So when he mentioned negotiations about Soviet troops, the correspondents figured they had a sensation after all.

But six hours later the official Communist East German news agency ADN put out a correction which drastically changed Grotewohl's remarks about the troop negotiations.

In response to a question on Khrushchev's speech, Grotewhol said: "Yes, I interpret the weekend speech of Khrushchev to mean that the Soviet Union will re-examine the question with the aim of pulling out its troops. Perhaps there would have to be a proviso that the Western Allies take the same step (in West Germany)."

The ADN correction eliminated the word "perhaps" and substituted "naturally." So Grotewohl now was saying that naturally the Western Allies would have to pull out when the Russians leave.

Atlas ICBM Firing Is Called Off

CAPE CANAVERAL, Fla. (AP) —Launching of a powerful Atlas intercontinental ballistic missile was called off early today when the firing crew ran into technical trouble during the countdown.

The 85-foot Atlas, biggest missile in the U.S. arsenal, sparkled in the rays of floodlights for several hours before the scrub was called.

The Air Force declined to elaborate on the technical difficulties encountered.

New England Girl Plans Trek To Help Natives in Viet Nam

PASADENA, Calif. (AP) — A slim, blue-eyed New England girl plans to ride muleback into mountainous South Viet Nam and find some tribe that has no written language.

There, a few miles from the Communist North, she'll spend 10 to 15 years making a phonetic translation of the New Testament and helping the natives establish a church.

"We feel that since the Lord seems to be leading us into it, He'll take care of us," says brunette Jean Donaldson, 26.

She and a still unselected girl companion will be sponsored by Wycliffe Bible Translators. This interdenominational group, with headquarters in nearby Glendale and 800 field workers around the world, has translated the New Testament into nearly 150 tribal languages.

In high school at Exeter, N.H., where she is still a member of the First Baptist church, Jean began thinking about missionary work.

In 1950-54 she was a staff sergeant in photography at Shaw Air Force Base, S.C. She prayed about her decision while earning a B.A. at Westmont College, Santa Barbara, Calif.

Miss Donaldson is studying Biblical languages at the non-denominational Fuller Theological Seminary before sailing next Jan. 17.

"I felt I'd like to go to a place which had no one to tell them of the Lord," she said. "There are Christian Missionary Alliance workers in Viet Nam but over 21 tribes without the Gospel."

Miss Donaldson and her partner will write native sounds in basic primers, in phonetic English.

"I imagine it will take 10 to 15 years before you get a strong church in one tribe," she said. "When I finish with one, I plan to go on to another."

She said her mother, Mrs. Faith S. Donaldson, Exter, N.H., is "very happy about it."

KILLED IN HOLDUP — Russell Parker, a 40-year-old major studying at the Command and General Staff college at Ft. Leavenworth, Kan., lies dead on the sidewalk after robbing a Kansas City, Mo., theater of $568. Theater manager John Dugan shot him. Parker, who had won the Silver Star, bronze star and purple heart, was dressed as a civilian. (Story on Page 9).

They're Bleeding For School Buses

HOUSTON, Tex. (AP) — The Houston School Board cut off free bus service to schools in some 20 areas and parents had to raise about $2,000 in each area to pay for the service.

Parents whose children go to the Oates Elementary School were unable to raise enough money.

So a mother and two fathers donated blood to a blood bank for $20 a pint Wednesday. They were still $200 short of their goal.

International Harvester Hit By Walkout

CHICAGO (AP) — A strike of some 36,500 United Auto Workers Union employes today shut down International Harvester Co. plants throughout the nation.

Picket lines were reported orderly as the strike went off at 7 a.m., local time, in 15 plants.

Efforts to avert the walkout failed Wednesday night after federal mediators met with management and labor officials.

Picket lines were posted by the UAW at plants and parts depots in Fort Wayne and Indianapolis, Ind.; Springfield, Ohio; Memphis, Tenn.; Louisville, Ky.; Emeryville and Stockton, Calif., and Rock Island, East Moline, Canton, Rock Falls and Chicago, Ill. There were four plants struck in the Chicago area.

Unaffected by the strike were Harvester's New Orleans twine mill, a Columbus, Ohio, parts depot, and units at Milwaukee and Waukesha, Wis.

Union and management representatives planned another session today.

The UAW gave the go-ahead for the strike after the company rejected a union package proposal for a new contract to replace the one which expired Aug. 1. Since that date UAW members have continued to work under an extension of the old contract.

Duane Greathouse, UAW vice president and director of its agricultural implements division, said Harvester had rejected union demands for a contract similar to that granted in the auto industry. Specific union demands have not been spelled out.

A Harvester spokesman said the principal stumbling blocks are union insistence on retroactivity to Aug. 23 of any new agreement conditions and inclusion of employes in company parts depots and transfer houses.

The company, he said, insists on dealing locally with nonproduction employes in such depots.

Jinxed Nova Scotia Mine Shut by Firm

SPRINGHILL, N.S. (AP) — The 7,000 residents of this hard-luck coal town today faced a bleak future without the $60,000 weekly payroll from mining.

The Dominion Coal Co. announced Wednesday night it had decided not to reopen the mines which have been Springhill's lifeblood for 125 years. The decision followed the second mine disaster in two years.

Prison Term Is Asked by Young Writer

SEATTLE (AP)—"Art is a living thing," the intense young man said. "For anyone to create anything artistic, he must have lived it."

The words came slowly from William G. Gates as he explained that his artistic goal is a novel with prison life as its background.

Gates was sitting in the Seattle City jail. He literally had asked to go to prison, choosing forgery as his passport.

Det. T. C. Jorgensen of the Seattle police check detail arrested Gates, 27, Wednesday afternoon. Gates quickly admitted in a signed statement he was the forger of about $100 in bum checks.

Talking with reporters, Gates said he calculated the amount he obtained through the worthless checks would get him about a year in the penitentiary. That's the time he says he needs to complete his education and get the necessary background for his novel.

Gates said he felt that forgery was the least harmful way to get to prison.

"It doesn't cause anyone physical pain," he said, "and those to whom I dropped the checks could well afford it."

Gates graduated from Yakiam (Wash.) Valley Junior College and spent a year studying psychology at the University of Washington. He said he had been planning his move for years.

U.S. Grand Jury Probe Is Ordered In Alabama

Ex-Clerk's Records 'Loose', Surplus Money Discovered

Circleville Municipal Court owes the city treasury $1,835.90 in moneys collected but not accounted for.

R. E. Haecker, examiner for the state auditor's office, today reported to Judge Sterling Lamb of Municipal Court, on a special review of the court's books, following the replacement of Mrs. Anne Caudill as clerk September 19.

Haecker pointed out that the court has $1,835.90 more than it can account for and that the money should be placed in the city's fund.

The examiner said that the methods used in maintaining the books and records of the court were not satisfactory, but that available records showed sufficient funds on hand to meet the obligations of the office.

Haecker's report, for the period from June 1, 1958 to September 30, 1958, includes the date (September 19) that Mrs. Caudill left her post as court clerk.

• • •

HE SAID, "the records and accounts of the office have been handled in a loose manner, that is, Criminal Division and Civil Division cash books were neither correctly nor currently posted and no attempt had been made to reconcile the same with the depository banks;

"Moneys due the city, county and—or the state treasuries and others were not distributed for periods ranging up to four months; numerous documents coming into the clerk's office for necessary action by the judge were relegated by the clerk to locked desk drawers and in numerous instances so remained for long periods of time without action;

"Proper form of accounts were not established for the trusteeship cases authorized by the court."

Haecker said he took the necessary steps to train the present clerk, Mrs. Naomi Houghton, in the correct procedures for recording court transactions and "it would seem to appear that the handling of the court's records would henceforth progress in a satisfactory manner."

The examiner however noted that books must be kept current and that sufficient assistance should be available to the clerk to handle the transactions when the office is confronted with a maximum work load. He said the work cannot be laid aside to await a slack period because the decisions of the court must be handled currently to assure correctness.

He also recommended different safekeeping facilities. He said the file safe in the clerk's office appears to be inadequate to protect fully the considerable amount of money coming into the office.

Haecker's financial statements show the court owes the city $5,981.90 in undistributed collections for fines and costs, in addition to the $1,835.90 which was collected but not accounted for. The county is owed $3,781.98, the state $2,846.83, the sheriff $156.07, Berger Hospital $24 and Dr. Shupe $40.

Arabic Anti-Jew Policy Is Upheld

NEW YORK (AP) — The State Commission Against Discrimination has upheld the Arabian American Oil Co. in its refusal to hire Jews for service in Saudi Arabia.

Commissioner Elmer A. Carter Wednesday dismissed the complaint against Aramco brought here two years ago by the American Jewish Congress.

Carter cited a State Department letter which said that any attempt by Aramco to force American Jewish employes on the Saudi prejudice the company's operations in that country and would probably adversely affect other U.S. interests there as well."

Case Involves Negro Clerics

Birmingham Arrests Seen Rights Violation

WASHINGTON (AP) — Atty. Gen. William P. Rogers said today he has ordered a grand jury investigation of whether the recent arrest of Negro ministers in Birmingham, Ala., violated their civil rig'ts.

Rogers said he did not know exactly how soon the grand jury will begin its work. He said that it will be as soon as possible.

The federal grand jury will be convened at Birmingham.

The incident the grand jury will investigate occurred Oct. 27 when three Negro ministers, all from Montgomery, were held for several hours by Birmingham police on vagrancy charges. They then were released and the charges dropped.

The ministers had been active in a campaign by Negroes against racial segregation on Montgomery buses.

The ministers were identified as the Rev. S S. Seay, pastor of the AME Zion Church; the Rev. A. W. Wilson, pastor of the Holt St. Baptist Church, and the Rev. H. H. Hubbard, pastor of the Bethel Baptist Church.

Rogers told a news conference his call for a grand jury investigation followed the refusal of Eugene Connor, Birmingham's commissioner of public safety, to discuss the matter with FBI agents.

Rogers said Connor also had instructed members of the Birmingham Police Department not to discuss the case with FBI agents.

Rogers also announced the Justice Department is considering recommending to Congress the enactment of new civil rights legislation, some of it bearing on the school desegregation controversy.

Rogers said, however, that no conclusions have been reached.

"We hope that anything that we will recommend will be actually helpful," Rogers commented.

Legislation under consideration, Rogers said, touches on recent bombings of synagogues and schools.

Rogers' announcement focused further on Alabama the current federal action in the civil rights field.

Wednesday the Civil Rights Commission announced plans for an open hearing at Montgomery, Ala., beginning Dec. 8 on alleged denial of voting rights to Negroes.

This could lead to a clash between the state and the commission since the commission said it would subpoena all the witnesses and records it needed.

But Atty. Gen. John Patterson, Alabama's governor-elect, has told the state's vote registrars they do not have to turn over registration records to federal representatives. Patterson has added he will resist any move by the commission to get the records.

The hearing will be the first held by the new commission, which announced plans for it and other activities after a closed meeting here Wednesday.

For some time, the commission has been checking charges that registrars in Alabama's Macon County have kept Negroes from voting. Last Oct. 20, the commission demanded records from the county's Voter Registration Board. The board, following Patterson's advice, refused.

It is this refusal that prompted the commission to set up the Montgomery hearing. More than Macon County, however, may be considered. Complaints have been received from other counties, and the commission may take them up together.

Girl, 15, Claims She Asked Killer To Spare Young Pair

LINCOLN, Neb. (AP)—Caril Ann Fugate says she pleaded with killer Charles Starkweather to spare 2 of his 11 admitted murder victims last January.

"He told me to shut up," she recalled.

Caril's first-hand account of part of the Starkweather killing spree was delivered Wednesday to a jury hearing the 15-year-old brunette's trial for murder.

She is charged with aiding and abetting Starkweather in the slaying of Bennet, Neb., schoolboy Robert Jensen last Jan. 27. Starkweather is under death sentence for the killing.

Bodies of Jensen and his date, Carol King, were found in a storm cave.

Caril told the jurors she expected at any time to become one of Starkweather's victims.

She wanted to get away from Starkweather, she said. But "he always told me if I ever got loose my family would be killed."

Caril's mother, stepfather and half sister already had been killed by Starkweather.

Caril told how the Bennet teenagers were flagged down on a road and how Starkweather forced Jensen at gunpoint to drive to the storm cave.

She said that at Starkweather's command, she pointed a shotgun at Miss King and told her to get out of the car. In a low voice so Starkweather wouldn't hear she said she told the girl "You better get out so you won't get hurt."

"I asked him again not to hurt them," Caril said. "He told me to shutup."

As Starkweather and the Bennet couple walked away into the darkness, "I just sat there scared stiff."

Minutes later she heard shots. "Why didn't you run away?" asked defense lawyer John McArthur.

"I couldn't move after I heard the shots. . . . I was froze stiff."

Missile Setup Said Adequate

Air Force General Cites 'Great Strides'

FRENCH LICK, Ind. (AP)—The Air Force chief at Cape Canaveral gave his assurance today that the nation's missile programs are advancing "steadily and adequately."

"The Air Force has made great strides toward the development of military capabilities which will assure us operational ballistic missiles in the near future and also extend our air superiority into space," Maj. Gen. Donald N. Yates said in a speech prepared for delivery to The Associated Press Managing Editors Assn.

Gen. Yates, commander of Patrick Air Force Base at Cape Canaveral, reviewed the pressure resulting in relaxing the secrecy on Canaveral launchings and showed pictures of many of them.

He added: "It is already necessary to furnish the American public with so much information that we also provide the Soviets with a valuable insight into our progress — an insight, I might add, that we cannot possibly hope to get with respect to their activities."

Gen. Yates told the editors the Air Force hopes to push aircraft speeds up to 3,600 miles an hour and flight altitudes above 100 miles next year.

Samuel Lubell, syndicate political pollster, told the editors he believes Americans are losing faith in both major political parties.

"The balloting on Nov. 4 was not a vote of confidence in the Democratic party," Lubell said in a discussion on public opinion and the election. "It was more a vote of no confidence in the Republican party.

"It seems to me that we are moving into a period of increasing political instability. In the present mood of the public, landslide could follow landslide, with nothing really decisive happening.

Downtown Chicago Due For New Lighting Gear

CHICAGO (AP) — Downtown State street, Chicago's main stem, becomes the world's brightest avenue tonight.

A new $500,000 lighting system will go on along a mile of the famous street when President Eisenhower presses a golden telegraph key in the White House at 10 p. m. EST.

The 70 poles in the new system, from Lake to Van Buren streets, are 36 feet high, each topped with four fluorescent lamps.

E. G. Grigg, manager of the local GE lamp plant, said the lamps are all GE Powergroove, made in Circleville. There will be 280 lamps, 2½-inches in diameter and six foot long. The glass for the lamps was formed in Logan.

Circleville Is On Television Tonight at 9:30

Tonight at 9:30 p. m. television on Channel 10, Circleville and many of its residents and business sites may be seen during a three-minute advertising commercial on the DuPont Show of the month.

The hour and a half TV show will present, "The Winslow Boy", starring Fredric March, Florence Eldridge, Rex Thompson and Noel Wellman.

The story concerns an English private school student who was expelled from the institution of learning, and the efforts of his parents to reenter him in the school. They go as far as parliament for a ruling on the case.

During the summer and fall, television crews visited here to take shots of local outstanding enterprises and the 1958 Pumpkin Show.

Also included in the commercial will be a speech by Judge William D. Radcliff, Williamsport, films of the Kiwanis Little League in action and many other community activities in which the local DuPont plant plays a part.

Nixon 'Burned Up By Stassen Move

WASHINGTON (AP) — Friends apparently are moving in to prevent Vice President Nixon from becoming something of a sitting duck for attacks by Republicans opposing his presidential ambitions.

Nixon took in obviously irritated silence Wednesday a fresh assault from an old foe, Harold E. Stassen, who tried unsuccessfully to dump the vice president from second place on the 1956 ticket.

Talking with newsmen at the White House, Stassen pointedly omitted the vice president's name from a list of four possibilities Stassen said could carry the GOP to victory in 1960.

Although Nixon did not comment, Secretary of Labor Mitchell did. Mitchell said Nixon "ought to be and will be the next President of the United States."

Stassen named Nelson A. Rockefeller, elected governor of New York; Henry Cabot Lodge Jr., defeated for Senate re-election in Massachusetts in 1952 and appointed ambassador to the United Nations; Secretary of Interior Seaton who deserted Stassen for Eisenhower in 1952; and Secretary of the Treasury Anderson, a former Texas Democrat now registered Republican.

Mitchell, who has been regarded as a possible aspirant for the 1960 vice presidential nomination, said "Mr. Stassen's views continue to reflect his unsuccessful vendetta against Vice President Nixon."

Friends described Nixon as burned up that Stassen got the opportunity to express his views in the White House lobby after a conference with President Eisenhower. The timing and nature of the attack make it difficult for the vice president himself to answer it.

Some of Nixon's associates said they doubt Eisenhower had any idea Stassen planned to use the White House for a forum. But they agreed that it is the sort of maneuver from which the vice president has trouble protecting himself.

There was also the added suspicion that Stassen's visit was no coincidence — that some powerful elements of the party may be moving in early to chip at Nixon's strength. Any move of this nature would be regarded generally as directed primarily toward elevating Rockefeller into major contention for the 1960 prize.

Iceland, Britain Locked in New Fuss

REYKJAVIK, Iceland (AP) — An Icelandic coast guard vessel fired several shots at a British trawler Wednesday night. In reply a British frigate threatened to sink the coast guard ship, it was reported today.

The Icelandic state radio said the Icelandic coast guard ship Thor tried to arrest the 413-ton British trawler Hackness fishing 2½ miles off Iceland. The British frigate intervened.

Britain and Iceland have been involved in a dispute over territorial waters.

The broadcast reported the trawler was told to sail to Britain.

Gates said he felt that forgery was the least harmful way to get to prison.

"It doesn't cause anyone physical pain," he said, "and those to whom I dropped the checks could well afford it."

Gates graduated from Yakiam (Wash.) Valley Junior College and spent a year studying psychology at the University of Washington. He said he had been planning his move for years.

Arabic Anti-Jew Policy Is Upheld

NEW YORK (AP) — The State Commission Against Discrimination has upheld the Arabian American Oil Co. in its refusal to hire Jews for service in Saudi Arabia.

Commissioner Elmer A. Carter Wednesday dismissed the complaint against Aramco brought here two years ago by the American Jewish Congress.

Carter cited a State Department letter which said that any attempt by Aramco to force American Jewish employes on the Saudi prejudice the company's operations in that country and would probably adversely affect other U.S. interests there as well."

U.S. Grand Jury Probe Is Ordered In Alabama

Ex-Clerk's Records 'Loose', Surplus Money Discovered

Circleville Municipal Court owes the city treasury $1,835.90 in moneys collected but not accounted for.

R. E. Haecker, examiner for the state auditor's office, today reported to Judge Sterling Lamb of Municipal Court, on a special review of the court's books, following the replacement of Mrs. Anne Caudill as clerk September 19.

Haecker pointed out that the court has $1,835.90 more than it can account for and that the money should be placed in the city's fund.

The examiner said that the methods used in maintaining the books and records of the court were not satisfactory, but that available records showed sufficient funds on hand to meet the obligations of the office.

Haecker's report, for the period from June 1, 1958 to September 30, 1958, includes the date (September 19) that Mrs. Caudill left her post as court clerk.

* * *

HE SAID, "the records and accounts of the office have been handled in a loose manner, that is, Criminal Division and Civil Division cash books were neither correctly nor currently posted and no attempt had been made to reconcile the same with the depository banks;

"Moneys due the city, county and—or the state treasuries and others were not distributed for periods ranging up to four months; numerous documents coming into the clerk's office for necessary action by the judge were relegated by the clerk to locked desk drawers and in numerous instances so remained for long periods of time without action;

"Proper form of accounts were not established for the trusteeship cases authorized by the court."

Haecker said he took the necessary steps to train the present clerk, Mrs. Naomi Houghton, in the correct procedures for recording court transactions and "it would seem to appear that the handling of the court's records would henceforth progress in a satisfactory manner."

The examiner however noted that books must be kept current and that sufficient assistance should be available to the clerk to handle the transactions when the office is confronted with a maximum work load. He said the work cannot be laid aside to await a slack period because the decisions of the court must be handled currently to assure correctness.

He also recommended different safekeeping facilities. He said the file safe in the clerk's office appears to be inadequate to protect fully the considerable amount of money coming into the office.

Haecker's financial statements show the court owes the city $5,981.90 in undistributed collections for fines and costs, in addition to the $1,835.90 which was collected but not accounted for. The county is owed $3,781.98, the state $2,846.83, the sheriff $156.07, Berger Hospital $24 and Dr. Shupe $40.

Case Involves Negro Clerics

Birmingham Arrests Seen Rights Violation

WASHINGTON (AP) — Atty. Gen. William P. Rogers said today he has ordered a grand jury investigation of whether the recent arrest of Negro ministers in Birmingham, Ala., violated their civil rights.

Rogers said he did not know exactly how soon the grand jury will begin its work. He said that it will be as soon as possible.

The federal grand jury will be convened at Birmingham.

The incident the grand jury will investigate occurred Oct. 27 when three Negro ministers, all from Montgomery, were held for several hours by Birmingham police on vagrancy charges. They then were released and the charges dropped.

The ministers had been active in a campaign by Negroes against racial segregation on Montgomery buses.

The ministers were identified as the Rev. S S. Seay, pastor of the AME Zion Church; the Rev. A. W. Wilson, pastor of the Holt St. Baptist Church, and the Rev. H. H. Hubbard, pastor of the Bethel Baptist Church.

Rogers told a news conference his call for a grand jury investigation followed the refusal of Eugene Connor, Birmingham's commissioner of public safety, to discuss the matter with FBI agents.

Rogers said Connor also had instructed members of the Birmingham Police Department not to discuss the case with FBI agents.

Rogers also announced the Justice Department is considering recommending to Congress the enactment of new civil rights legislation, some of it bearing on the school desegregation controversy.

Rogers said, however, that no conclusions have been reached.

"We hope that anything that we will recommend will be actually helpful," Rogers commented.

Legislation under consideration, Rogers said, touches on recent bombings of synagogues and schools.

Rogers' announcement focused further on Alabama the current federal action in the civil rights field.

Wednesday the Civil Rights Commission announced plans for an open hearing at Montgomery, Ala., beginning Dec. 8 on alleged denial of voting rights to Negroes.

This could lead to a clash between the state and the commission since the commission said it would subpoena all the witnesses and records it needed.

But Atty. Gen. John Patterson, Alabama's governor-elect, has told the state's vote registrars they do not have to turn over registration records to federal representatives. Patterson has added he will resist any move by the commission to get the records.

The hearing will be the first held by the new commission, which announced plans for it and other activities after a closed meeting here Wednesday.

For some time, the commission has been checking charges that registrars in Alabama's Macon County have kept Negroes from voting. Last Oct. 20, the commission demanded records from the county's Voter Registration Board. The board, following Patterson's advice, refused.

It is this refusal that prompted the commission to set up the Montgomery hearing. More than Macon County, however, may be considered. Complaints have been received from other counties, and the commission may take them up together.

Girl, 15, Claims She Asked Killer To Spare Young Pair

LINCOLN, Neb. (AP)—Caril Ann Fugate says she pleaded with killer Charles Starkweather to spare 2 of his 11 admitted murder victims last January.

"He told me to shut up," she recalled.

Caril's first-hand account of part of the Starkweather killing spree was delivered Wednesday to a jury hearing the 15-year-old brunette's trial for murder.

She is charged with aiding and abetting Starkweather in the slaying of Bennet, Neb., schoolboy Robert Jensen last Jan. 27. Starkweather is under death sentence for the killing.

Bodies of Jensen and his date, Carol King, were found in a storm cave.

Caril told the jurors she expected at any time to become one of Starkweather's victims.

She wanted to get away from Starkweather, she said. But "he always told me if I ever got loose my family would be killed."

Caril's mother, stepfather and half sister already had been killed by Starkweather.

Caril told how the Bennet teenagers were flagged down on a road and how Starkweather forced Jensen at gunpoint to drive to the storm cave.

She said that at Starkweather's command, she pointed a shotgun at Miss King and told her to get out of the car. In a low voice so Starkweather wouldn't hear she said she told the girl "You better get out so you won't get hurt."

"I asked him again not to hurt them," Caril said. "He told me to shutup."

As Starkweather and the Bennet couple walked away into the darkness, "I just sat there scared stiff."

Minutes later she heard shots.

"Why didn't you run away?" asked defense lawyer John McArthur.

"I couldn't move after I heard the shots. . . . I was froze stiff."

Missile Setup Said Adequate

Air Force General Cites 'Great Strides'

FRENCH LICK, Ind. (AP)—The Air Force chief at Cape Canaveral gave his assurance today that the nation's missile programs are advancing "steadily and adequately."

"The Air Force has made great strides toward the development of military capabilities which will assure us operational ballistic missiles in the near future and also extend our air superiority into space," Maj. Gen. Donald N. Yates said in a speech prepared for delivery to The Associated Press Managing Editors Assn.

Gen. Yates, commander of Patrick Air Force Base at Cape Canaveral, reviewed the pressure resulting in relaxing the secrecy on Canaveral launchings and showed pictures of many of them.

He added: "It is already necessary to furnish the American public with so much information that we also provide the Soviets with a valuable insight into our progress — an insight, I might add, that we cannot possibly hope to get with respect to their activities."

Gen. Yates told the editors the Air Force hopes to push aircraft speeds up to 3,600 miles an hour and flight altitudes above 100 miles next year.

Samuel Lubell, syndicate political pollster, told the editors he believes Americans are losing faith in both major political parties.

"The balloting on Nov. 4 was not a vote of confidence in the Democratic party," Lubell said in a discussion on public opinion and the election. "It was more a vote of no confidence in the Republican party.

"It seems to me that we are moving into a period of increasing political instability. In the present mood of the public, landslide could follow landslide, with nothing really decisive happening.

Circleville Is On Television Tonight at 9:30

Tonight at 9:30 p. m. television on Channel 10, Circleville and many of its residents and business sites may be seen during a three-minute advertising commercial on the DuPont Show of the month.

The hour and a half TV show will present, "The Winslow Boy", starring Fredric March, Florence Eldridge, Rex Thompson and Noel Wellman.

The story concerns an English private school student who was expelled from the institution of learning, and the efforts of his parents to reenter him in the school. They go as far as parliment for a ruling on the case.

During the summer and fall, television crews visited here to take shots of local outstanding enterprises and the 1958 Pumpkin Show.

Also included in the commercial will be a speech by Judge William D. Radcliff, Williamsport, films of the Kiwanis Little League in action and many other community activities in which the local DuPont plant plays a part.

Nixon 'Burned Up By Stassen Move

WASHINGTON (AP) — Friends apparently are moving in to prevent Vice President Nixon from becoming something of a sitting duck for attacks by Republicans opposing his presidential ambitions.

Nixon took in obviously irritated silence Wednesday a fresh assault from an old foe, Harold E. Stassen, who tried unsuccessfully to dump the vice president from second place on the 1956 ticket.

Talking with newsmen at the White House, Stassen pointedly omitted the vice president's name from a list of four possibilities Stassen said could carry the GOP to victory in 1960.

Although Nixon did not comment, Secretary of Labor Mitchell did. Mitchell said Nixon "ought to be and will be the next President of the United States."

Stassen named Nelson A. Rockefeller, elected governor of New York; Henry Cabot Lodge Jr., defeated for Senate re-election in Massachusetts in 1952 and appointed ambassador to the United Nations; Secretary of Interior Seaton who deserted Stassen for Eisenhower in 1952; and Secretary of the Treasury Anderson, a former Texas Democrat now registered Republican.

Mitchell, who has been regarded as a possible aspirant for the 1960 vice presidential nomination, said "Mr. Stassen's views continue to reflect his unsuccessful vendetta against Vice President Nixon."

Friends described Nixon as burned up that Stassen got the opportunity to express his views in the White House lobby after a conference with President Eisenhower. The timing and nature of the attack make it difficult for the vice president himself to answer it.

Some of Nixon's associates said they doubt Eisenhower had any idea Stassen planned to use the White House for a forum. But they agreed that it is the sort of maneuver from which the vice president has trouble protecting himself.

There was also the added suspicion that Stassen's visit was no coincidence — that some powerful elements of the party may be moving in early to chip at Nixon's strength. Any move of this nature would be regarded generally as directed primarily toward elevating Rockefeller into major contention for the 1960 prize.

Iceland, Britain Locked in New Fuss

REYKJAVIK, Iceland (AP) — An Icelandic coast guard vessel fired several shots at a British trawler Wednesday night. In reply a British frigate threatened to sink the coast guard ship, it was reported today.

The Icelandic state radio said the Icelandic coast guard ship Thor tried to arrest the 413-ton British trawler Hackness fishing 2½ miles off Iceland. The British frigate intervened.

Britain and Iceland have been involved in a dispute over territorial waters.

The broadcast reported the trawler was told to sail to Britain.

Downtown Chicago Due For New Lighting Gear

CHICAGO (AP) — Downtown State street, Chicago's main stem, becomes the world's brightest avenue tonight.

A new $500,000 lighting system will go on along a mile of the famous street when President Eisenhower presses a golden telegraph key in the White House at 10 p. m. EST.

The 70 poles in the new system, from Lake to Van Buren streets, are 36 feet high, each topped with four fluorescent lamps.

E. G. Grigg, manager of the local GE lamp plant, said the lamps are all GE Powergroove, made in Circleville. There will be 280 lamps, 2½-inches in diameter and six foot long. The glass for the lamps was formed in Logan.

New England Girl Plans Trek To Help Natives in Viet Nam

PASADENA, Calif. (AP) — A slim, blue-eyed New England girl plans to ride muleback into mountainous South Viet Nam and find some tribe that has no written language.

There, a few miles from the Communist North, she'll spend 10 to 15 years making a phonetic translation of the New Testament and helping the natives establish a church.

"We feel that since the Lord seems to be leading us into it, He'll take care of us," says brunette Jean Donaldson, 26.

She and a still unselected girl companion will be sponsored by Wycliffe Bible Translators. This interdenominational group, with headquarters in nearby Glendale and 800 field workers around the world, has translated the New Testament into nearly 150 tribal languages.

In high school at Exeter, N.H., where she is still a member of the First Baptist church, Jean began thinking about missionary work.

In 1950-54 she was a staff sergeant in photography at Shaw Air Force Base, S.C. She prayed about her decision while earning a B.A. at Westmont College, Santa Barbara, Calif.

Miss Donaldson is studying Biblical languages at the non-denominational Fuller Theological Seminary before sailing next Jan. 17.

"I felt I'd like to go to a place which had no one to tell them of the Lord," she said. "There are Christian Missionary Alliance workers in Viet Nam but over 21 tribes without the Gospel."

Miss Donaldson and her partner will write native sounds in basic primers, in phonetic English.

"I imagine it will take 10 to 15 years before you get a strong church in one tribe," she said. "When I finish with one, I plan to go on to another."

She said her mother, Mrs. Faith S. Donaldson, Exter, N.H., is "very happy about it."

Jinxed Nova Scotia Mine Shut by Firm

SPRINGHILL, N.S. (AP) — The 7,000 residents of this hard-luck coal town today faced a bleak future without the $60,000 weekly payroll from mining.

The Dominion Coal Co. announced Wednesday night it had decided not to reopen the mines which have been Springhill's lifeblood for 125 years. The decision followed the second mine disaster in two years.

Columbus Man Is Jailed in Ross For Ribbon Frauds

Daniel L. Rankin, 46, Columbus, accused of operating a racket involving installation of used adding machine ribbons for new, was arrested by the Ross County Sheriff's Department this week.

Deputies said Rankin pulled the fraud on several business firms in Pickaway and Ross Counties. He was apprehended on Route 23 south of Chillicothe.

The search started last week when a man appeared at the Clarksburg Tractor Sales and told employes that he was sent by a Chillicothe office machine firm to replace the ribbon on an adding machine. He presented a bill of $4.75 for the job. Later it was learned that the adding machine had been provided with an old ribbon.

Ross Deputies said Rankin is accused of pulling the same fraud at least three times in Pickaway County and several times in Ross County.

Steels Lose As Market Continues Dip

NEW YORK (AP)—Steels and motors took losses as the stock market declined in active trading early this afternoon.

Losses of fractions to about a point prevailed among leading issues.

The market was mixed at the start with the average holding firm until late morning when prices began to give ground. Initial dealings were heavy.

Brokers saw the action as a correction to the latest advance which has set record highs for three days. Business news remained fairly good.

Some concern prevailed in Wall Street that the Federal Reserve Board may boost margins to 10 per cent from the present 90, thus dampening speculative activity to the extent of requiring full payment for stocks purchased.

Rails, coppers, electrical equipments and aircrafts were mostly lower. Oils and farm implements showed an upside edge. Tobaccos, building materials and drugs were mixed.

A drop of a point or so by American Telephone helped tilt the utility average downward. AT&T clipped some of this loss.

U.S. Steel dropped more than a point while Youngstown Sheet's loss was about two. Bethlehem and Jones & Laughlin dipped about a point apiece.

American Motors dropped 1⅛ to 30 shortly after a statement by President George Romney that the firm plans to increase substantially capital spending next year.

Ford was off about a point.

General Instrument added about a point. Pfizer's gain was more than that.

U.S. government bonds were steady.

ATOMIC ENERGY WEIGHS FREIGHT—Use of atomic energy to weigh contents of a freight car is demonstrated here by two New York Central scientists. A lead-shielded box (1) between the car's wheels contains Cobalt 60, which produces gamma rays. As the rays penetrate the car they are counted by a scintillation counter hanging (2) above the car. The electronic equipment (3) translates the data into a signal proportionate to the weight in the car. Operating the equipment is Richard Shackson (left), an electrical engineer, at NYC's technical research center in Cleveland. Physicist Frank Geiger checks the experiment with a second counter.

Gallipolis Elks Club Building Lost in Fire

GALLIPOLIS, Ohio (AP)—Fire destroyed the Davis-Shuler Department Store in downtown Gallipolis today, but was brought under control about 10 a.m., about four hours after it was discovered.

The building collapsed at 9:30 after firemen from five other communities were called in to fight the blaze.

Dean Davis, president of the firm which occupied the ground floor of the building, estimated the loss in fixtures and merchandise at $125,000, which he said was insured.

There was no estimate on the building itself, owned by the Elks Club which occupied the second and third floors.

Adjoining structures were fire-scarred, among them the Plaza Hotel which had to be evacuated, a jewelry store and smaller buildings.

Additional firemen were called from Jackson, Pomeroy and Middleport, Ohio, and the West Virginia towns of Huntington and Point Pleasant, across the Ohio River. Volunteers from Gallipolis State Hospital aiso helped.

A heavy pall of smoke filled downtown streets and hampered efforts of the fire fighters to handle the blaze.

The fire was discovered in the basement of the building by a watchman and soon after broke through to the first floor. Dean Davis, owner of the department store, said his stock would be an entire loss.

The Davis-Shuler firm is one of the oldest business establishments in this Gallia County community.

7 Children Die in Fire

FORT WAYNE, Ind. (AP)—Seven young children ranging in age from 7 weeks to 11 years died today when an explosion and fire roared through a frame house in the southwest part of the city.

Mr. and Mrs. George Gammons managed to get out of the six-room dwelling, then ran back and hurled an eighth youngster, 4-year-old Connie, to safety through a window.

The frantic parents tried to save their other children but were forced to flee again by leaping flames and thick smoke pouring through their home.

Flames were shooting 40 feet into the air when firemen arrived, and it was some time before they could force their way inside.

C. F. Replogle, Van Camp Are Low Bidders

C. F. Replogle Co. and the George W. Van Camp firm, both of Circleville were apparent low bidders on bids opened yesterday by the Ohio Highway Department.

Replogle was apparent low bidder on a U. S. Route 33 project in Fairfield and Hocking Counties. The project calls for building a four-lane highway from a point in Fairfield County to the Fairfield-Hocking County line.

The super-highway will have two pairs of twin bridges over the Hocking River. Replogle's apparent low bid was $2,093,952. The state estimate was $2,225,700 and the total cost will be $2,889,597.

The project's completion date is set for July 31, 1960. The firm presently is building two sections of U. S. Route 35 between Chillicothe and Jackson.

* * *

VAN CAMP was apparent low bidder on the County Road 28 project, which is the Ashville-Lockbourne Road. The job calls for resurfacing 4.6 miles from the Ashville north corporation line to a point just south of the Lockbourne Air Force Base.

The work is to be completed July 31, 1959. Van Camp's bid was $40,044. The state estimate was $40,400 and the total cost will be $41,245.

All bids opened yesterday had a total worth of $33,790,492 in highway construction and resurfacing work. Apparent low bids on 29 projects amounted to $23,162,428. Total costs of the projects includes $8,330,095 for right-of-way and $2,297,969 for engineering.

Dollar value of projects for which bids have been received in 1958 now totals $395,777,789. Over 60 miles of improvements were included in yesterday's sale.

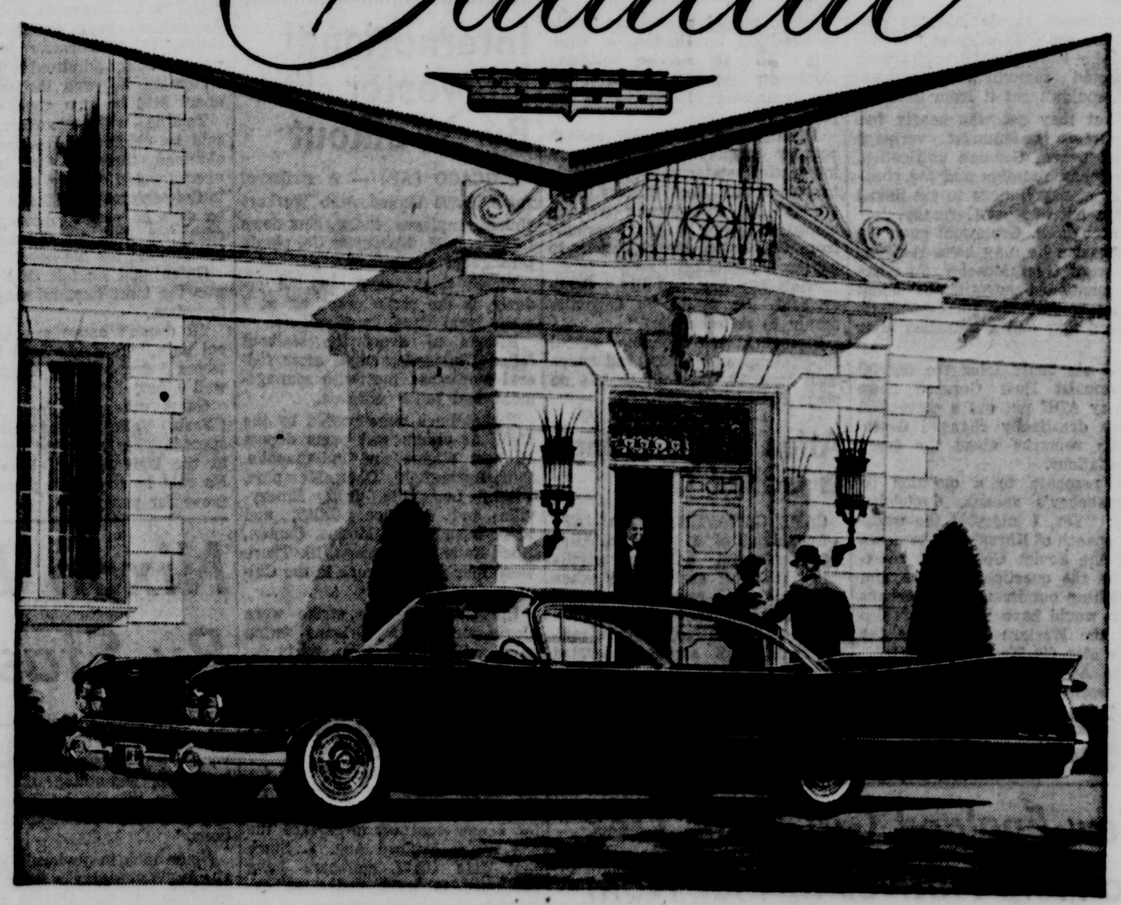
Cadillac



Motordom's New Measurement of Greatness!

The American motorist has long since adopted his own technique for judging the year's automotive offerings.

He simply looks to the new Cadillac car to discover motordom's fullest measure of all that is new and good and wonderful.

And never before has Cadillac placed such a high standard on the world's motor cars as it has for 1959.

For the new "car of cars" has introduced a whole new concept of what an automobile can do and be . . . and how it should look and act.

To the eye alone, it is a revelation. Elegant, majestic, substantial, poised—it has brought a new magic and splendor to the world of motion.

Its Fleetwood interiors are miracles of advanced design. Appointments are beautiful beyond imagination . . . and its fabrics and leathers are unbelievably luxurious.

The 1959 Cadillac is equally inspiring from behind the wheel. Its spectacular new engine, its advanced transmission and its new ease of ride and handling make every journey the most *glorious* distance between any two points.

These Cadillac advancements have been interpreted in *thirteen* body styles—including a new Eldorado Brougham.

So if you contemplate the purchase of *any* motor car in the coming year, you owe yourself an early visit with this newest of Cadillacs.

Sixty minutes in the showroom and on the highway will give you a full understanding of the new way to measure greatness in a motor car.

The majestic new Cadillac for 1959 is now on display—inspect and drive it today!

Columbus Man Is Jailed in Ross For Ribbon Frauds

Daniel L. Rankin, 46, Columbus, accused of operating a racket involving installation of used adding machine ribbons for new, was arrested by the Ross County Sheriff's Department this week.

Deputies said Rankin pulled the fraud on several business firms in Pickaway and Ross Counties. He was apprehended on Route 23 south of Chillicothe.

The search started last week when a man appeared at the Clarksburg Tractor Sales and told employes that he was sent by a Chillicothe office machine firm to replace the ribbon on an adding machine. He presented a bill of $4.75 for the job. Later it was learned that the adding machine had been provided with an old ribbon.

Ross Deputies said Rankin is accused of pulling the same fraud at least three times in Pickaway County and several times in Ross County.

Steels Lose As Market Continues Dip

NEW YORK (AP)—Steels and motors took losses as the stock market declined in active trading early this afternoon.

Losses of fractions to about a point prevailed among leading issues.

The market was mixed at the start with the average holding firm until late morning when prices began to give ground. Initial dealings were heavy.

Brokers saw the action as a correction to the latest advance which has set record highs for three days. Business news remained fairly good.

Some concern prevailed in Wall Street that the Federal Reserve Board may boost margins to 10 per cent from the present 90, thus dampening speculative activity to the extent of requiring full payment for stocks purchased.

Rails, coppers, electrical equipments and aircrafts were mostly lower. Oils and farm implements showed an upside edge. Tobaccos, building materials and drugs were mixed.

A drop of a point or so by American Telephone helped tilt the utility average downward. AT&T clipped some of this loss.

U.S. Steel dropped more than a point while Youngstown Sheet's loss was about two. Bethlehem and Jones & Laughlin dipped about a point apiece.

American Motors dropped 1⅛ to 30 shortly after a statement by President George Romney that the firm plans to increase substantially capital spending next year.

Ford was off about a point.

General Instrument added about a point. Pfizer's gain was more than that.

U.S. government bonds were steady.

ATOMIC ENERGY WEIGHS FREIGHT—Use of atomic energy to weigh contents of a freight car is demonstrated here by two New York Central scientists. A lead-shielded box (1) between the car's wheels contains Cobalt 60, which produces gamma rays. As the rays penetrate the car they are counted by a scintillation counter hanging (2) above the car. The electronic equipment (3) translates the data into a signal proportionate to the weight in the car. Operating the equipment is Richard Shackson (left), an electrical engineer, at NYC's technical research center in Cleveland. Physicist Frank Geiger checks the experiment with a second counter.

Gallipolis Elks Club Building Lost in Fire

GALLIPOLIS, Ohio (AP)—Fire destroyed the Davis-Shuler Department Store in downtown Gallipolis today, but was brought under control about 10 a.m., about four hours after it was discovered.

The building collapsed at 9:30 after firemen from five other communities were called in to fight the blaze.

Dean Davis, president of the firm which occupied the ground floor of the building, estimated the loss in fixtures and merchandise at $125,000, which he said was insured.

There was no estimate on the building itself, owned by the Elks Club which occupied the second and third floors.

Adjoining structures were fire-scarred, among them the Plaza Hotel which had to be evacuated, a jewelry store and smaller buildings.

Additional firemen were called from Jackson, Pomeroy and Middleport, Ohio, and the West Virginia towns of Huntington and Point Pleasant, across the Ohio River. Volunteers from Gallipolis State Hospital also helped.

A heavy pall of smoke filled downtown streets and hampered efforts of the fire fighters to handle the blaze.

The fire was discovered in the basement of the building by a watchman and soon after broke through to the first floor. Dean Davis, owner of the department store, said his stock would be an entire loss.

The Davis-Shuler firm is one of the oldest business establishments in this Gallia County community.

Its Fleetwood interiors are miracles of advanced design. Appointments are beautiful beyond imagination . . . and its fabrics and leathers are unbelievably luxurious.
The 1959 Cadillac is equally inspiring from behind the wheel. Its spectacular new engine, its advanced transmission and its new ease of ride and handling make every journey the most *glorious* distance between any two points.
These Cadillac advancements have been interpreted in *thirteen* body styles—including a new Eldorado Brougham.
So if you contemplate the purchase of *any* motor car in the coming year, you owe yourself an early visit with this newest of Cadillacs.
Sixty minutes in the showroom and on the highway will give you a full understanding of the new way to measure greatness in a motor car.
The majestic new Cadillac for 1959 is now on display—inspect and drive it today!

A-Power Could Change Weather

"When serious proposals for large-scale weather modification are advanced, as they inevitably will be, the full resources of general-circulation knowledge and computational meteorology must be brought to bear in predicting results."

Thus Dr. Harry Wexler, Director of Meteorological Research at the Weather Bureau in Washington, D. C., explained why his own theory of how to eliminate the ice packs in the Arctic Ocean and greatly reduce distances in trade routes from the Northern Hemisphere to the Orient is not yet practicable.

Dr. Wexler is the author in a recent science magazine of a story which purports to show how hydrogen bombs could melt the polar ice cap, or at least that part of it obstructing shipping in the Arctic Ocean, and possibly provoke complete changes in temperatures not only at the North Pole, but the entire northern half of the globe.

There is a natural tendency for the 10-feet-thick ice packs which cover much of the ocean water of the far north to lose more of their bulk during the summer than they gain during the winter months, so the result over a long period of time could be the virtual elimination of the ice danger. Between the years 1890 and 1930, scientists estimate, these ice masses decreased by 40 per cent, but this still leaves a good bit of ice for man's discomfort.

It was to hasten this process that Dr. Wexler wrote the article "Modifying Weather on a Large Scale," and stated the hypothesis that man could accomplish the job much quicker than nature—if he were not afraid of the results.

The theory Dr. Wexler advances to accomplish this feat is quite simple: the Arctic Ocean is fed by waters from warmer climes, but this heat is lost to the atmosphere. By using 10 underwater hydrogen explosions, each with a force of 10 megations, enough steam would be thrown into the air to produce a five-mile-thick blanket of insulating fog which would materially reduce the heat loss.

Surrounding areas, however, would be the recipients of increased snowstorms because the winds from the North would be heavily laden with moisture, whereas they are now dry. This increased snowfall would build up glaciers surrounding the North Pole and could be the start of a new ice age.

Desirous as it may be to develop a new route to the Orient, the method used by the Nautilus seems far preferable to that suggested by Dr. Wexler. The interesting point is that with either method—traveling under the ice or blowing the ice to kingdom come—atomic energy is the key to the answer.

Worst of Marriage Recalled

By Hal Boyle

NEW YORK (AP) — Married people rarely argue about which year they were together they were the happiest.

But they will fight like tigers about which year of matrimony was the worst.

This is a favorite subject of battle-scarred survivors of matrimony. Each member of the family corporation remembers a favorite year in which he—or she—feels that the other partner let him—or her—down.

Each remembers a Gettysburg of marriage, the hinge of supreme effort, the committal, the poised indecision, and Gen. Longstreet, the friend of the family, arriving late.

The main guns of marriage are fired early. The artillery bombardment is at the first. Then the slow and steady infantry of love and responsibility and duty moves in and seizes and holds the ground, high and low.

I can well recall when my wife Frances and I were discussing the difficulties of marriage with a bunch of young fellow veterans, and we all had pretty well agreed that the seventh or eighth month was the most terrible period of mutual adjustment.

Then up reared the head of an "elderly" lady of about 30.

"You kids don't know what you are talking about. My husband and I have been married five years. And I'll tell you what's the worst. It's the sixth year!" she said.

Well, naturally this was a shocker to us comparative newlyweds.

But this was an honest girl, and all she meant to say was that the next year of a marriage can always hold a more golden worst than any you have ever known before.

It is so true.

I was thinking of this only the other night on my own 21st wedding anniversary. I was going to celebrate it with a quiet gamble. I was going to bet my wife she couldn't cook a dinner on time after 21 years, and I knew I would win.

It didn't work out that way. I was bedfast with a bad back.

Off to the theater galloped Frances with that globe-trotting author, Don Whitehead and his wife Marie, fresh from a trip around the world.

Eartha, our part-time maid with the whole-time heart, put a pillow behind my back. I listened to 5-year-old daughter Tracy brag that "one and one are two, two and two are four, four and four are eight, eight and eight are 16," and so on.

Somebody was riding hard for Eagle Pass on the television screen. And Tracy mumbled that 64 and 64 make 128 and fell asleep.

Then Eartha went home and the room was loud with silence. I listened to arthritis, and knew I would hear it again, by myself. I felt the penalty all things feel who feel alone.

Well, then, in bounced my wife and the Whiteheads, still rich with the magic that only the theater confers, and they cooked hamburgers and we ate them into the morning and talked of old times and new times.

After so long a time I suddenly realized what the girl who had been married five years really meant when she said the sixth year was the worst.

The worst year of any marriage is the one you haven't yet shared.

Eleanor Got Mixed Up

By George Sokolsky

Mrs. Eleanor Roosevelt, speaking on "Meet the Press," was asked this question by Luke P. Carroll of the "New York Herald Tribune":

"Mrs. Roosevelt, a Gallup Poll survey just completed shows there's a great decline in prejudice in politics and that the figures are that 68 per cent of the people in the United States would vote for a Catholic if he were nominated by their party. . . Do you think that either (referring to a part of the question here omitted) of these possibilities will occur in the near future?"

It was a good question to ask of Mrs. Roosevelt. The church and state part of the question struck me as curious because Mrs. Roosevelt knows better, having long been associated with a husband who owed much of his political career to Gov. Al Smith and John J. Raskob.

Also the man who handled the mechanics of Roosevelt's career was James A. Farley and the two men who were most effective in holding divergent forces together for President Roosevelt were Ed Flynn of the Bronx and Cardinal Mundelein of Chicago. It is impossible to believe that Mrs. Roosevelt is not cognizant of these relationships which are thoroughly documented in the history of those times.

Surely, Mrs. Roosevelt cannot believe that if a Roman Catholic is elected President of the United States, he would betray his country. Or would it perhaps be wisest to elect an atheist who would have no affiliations except with the Devil? For most human beings have some affiliations, sentimental, nostalgic, historical, traditional. The dream of America was that a state would come into existence which would accept a man for what he was worth, no matter what his religious ties.

To Carroll's question, Mrs. Roosevelt answered in part:

". . .And the first Catholic that is elected I hope will be strong enough so that if the question should arise of the difference between church and state he can really act apart from the religious basis."

Precisely how can any question of church and state arise that would affect a President of the United States? At what point would it arise? The Constitution in the First Amendment states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof. . ."

The issue here, it would seem, is perfectly clear; no established church is ever to come into existence in the United States. By an established church was meant, one subsidized by the government. Perhaps the best way to describe an established church is to say that it is one which is include.. in the budget of the nation and over which the government exercises control.

For instance, the Queen of England is the head of the established church of that country; the Chairman of the Committee for Religious Affairs is in control of all churches and religious institutions in Soviet Russia.

In the United States, no attempt is being made to establish a state religion. It is true that in some states, there is a controversy over school buses, orange juice for children, taxes for parochial and private schools, etc. But none of these details of American education have anything to do with an established church which would be objectionable to all Americans.

Mrs. Roosevelt has, perhaps inadvertently, added fuel to a rising anti-Catholicism by emphasizing this unrealistic issue of church and state.

Should such an issue arise, it would go to the courts and not to the President. It would be difficult to conceive of a single question of this nature that could come before the President of the United States, Mrs. Roosevelt must know that because she has been close to the limitations of the Presidency.

But let us take up this argument from another standpoint. How can any man who believes in God and in God's moral law separate himself from a religious basis? What is a "religious basis"? Is it not living according to the revealed laws of life which in the three major religions of Western civilization are identical? This is called the Natural Law and it was the inspiration of the Preamble of the Declaration of Independence, which is the philosophic basis of American life.

I fear Mrs. Roosevelt got herself all tangled up in that sentence about church and state.

NEW HAVEN, Conn. (AP) — Yale officials wonder who the Ohio boy will be who will graduate with the Yale class of 2037 and wind up in the U. S. Supreme Court.

Here is the pattern to date:

In the class of 1837, from Ohio, was Morrison R. Waite. He became Chief Justice. In the class of 1937, from Ohio, was Potter Stewart. He was recently appointed to the high bench.

The pattern may have started two centuries ago. In the class of 1737 was Philip Livingston who signed the Declaration of Independence—which created the Supreme Court.

Midwestern Jamboree Set For Friday

Midwestern Hayride stars, Helen and Billy Scott, will appear at 8:30 p. m. Friday in the Memorial Hall. They will be part of a program of radio and television stars sponsored by the local Veterans of Foreign Wars Post No. 3331.

These two entertainers have long been favorites of both town and country audiences throughout the midwest. Billy is a television personality. His wife, Helen, broadcasts over the radio and their phonograph records have contributed to their popularity.

The Scotts will present novelty tunes, sweetheart and homefolk songs, patter and comedy skits. Also on the same program will be local contestants for the amateur show.

The Scotts reside in the Marburn section of Columbus, where they are members of the Parent Teachers Assn. and community clubs. Scott has served as superintendent of their church.

Advance tickets can be obtained at Andy's Sandwich Shop, 504 S. Court St., Benny's Pizza, corner of Court and Main Sts., and Hanley's, E. Main St.

Every Century

NEW HAVEN, Conn. (AP) — Yale officials wonder who the Ohio boy will be who will graduate with the Yale class of 2037 and wind up in the U. S. Supreme Court.

Here is the pattern to date:

In the class of 1837, from Ohio, was Morrison R. Waite. He became Chief Justice. In the class of 1937, from Ohio, was Potter Stewart. He was recently appointed to the high bench.

The pattern may have started two centuries ago. In the class of 1737 was Philip Livingston who signed the Declaration of Independence—which created the Supreme Court.

We know a gridiron coach who says he fears the student body is losing interest in football. He's lost two games in a row — and no one has hung him in effigy.

IN OR OUT?—Mrs. Rudd Brown, 38, granddaughter of William Jennings Bryan, thought she had won election in California's 21st Congressional district when she and her husband, Harrison, 41, gave out victory smiles. Later a 10,000 vote posting error threw the outcome in doubt. The ballot counting was begun again.

Midwestern Jamboree Set For Friday

Midwestern Hayride stars, Helen and Billy Scott, will appear at 8:30 p. m. Friday in the Memorial Hall. They will be part of a program of radio and television stars sponsored by the local Veterans of Foreign Wars Post No. 3331.

These two entertainers have long been favorites of both town and country audiences throughout the midwest. Billy is a television personality. His wife, Helen, broadcasts over the radio and their phonograph records have contributed to their popularity.

The Scotts will present novelty tunes, sweetheart and homefolk songs, patter and comedy skits. Also on the same program will be local contestants for the amateur show.

The Scotts reside in the Marburn section of Columbus, where they are members of the Parent Teachers Assn. and community clubs. Scott has served as superintendent of their church.

Advance tickets can be obtained at Andy's Sandwich Shop, 504 S. Court St., Benny's Pizza, corner of Court and Main Sts., and Hanley's, E. Main St.

Space Capsule Bids Sought

1-Ton Job Expected To Orbit 28 Hours

WASHINGTON (AP) — The National Aeronautics and Space Administration has asked the missile industry to design a one-ton space capsule capable of orbiting the earth for as much as 28 hours.

NASA plans to launch the capsule from Cape Canaveral, Fla. in the nose of an Atlas intercontinental ballistic missile.

It said in an announcement that the winning design may resemble capsule concepts proposed for manned flight into space, but will not be a true space craft.

The agency presented its preliminary specifications to 38 missile and aviation manufacturers at a meeting at the Langley Research Center near Norfolk, Va. last Friday.

NASA asked the companies to submit bids by Dec. 4, and said it would award a contract for the long-term development of the space capsule after Jan. 1.

NASA told the manufacturers it wanted two complete orbits from the first of the vehicles, and 18 or more from later models. The satellites must attain an almost circular orbit rigidly fixed between the altitudes of 125 and 140 miles.

Initially the capsule will contain only instruments for measuring acceleration and deceleration, velocitities, temperatures and other data for relay back to earth by radio telemetry systems.

After several such launchings, capsules with monkeys or other animals will be sent aloft in a study of the problems of abrupt acceleration on takeoff, re-entry into the earth's atmosphere, and recovery once the vehicle has been returned to earth.

Eventually the capsules, if they prove satisfactory, may be adapted for manned satellite flight.

8th Graders' Campout Is Rather Short

CLEVELAND (AP) — Stanley and Peter wanted to get away from it all, so they cut their eighth-grade classes at St. Peter's School, took a taxi to a spot near Chagrin Falls and camped out.

They needed a taxi. They took along a bow and arrows, bed rolls, cook stove, portable radio, fishing box and tackle an ax and a knife.

And of course they had $200 borrowed from the home where Stanley lives with his parents, Mr. and Mrs. George Bleich, at 1606 E. 38th St. Mr. and Mrs. Peter Stipanovitch Sr., Peter's parents, live a few houses down the street at 1634.

The camp, where the boys built a lean-to, was well-stocked with canned goods, according to Chagrin Falls Patrolman Paul D. Kaschalk, who spotted the boys Wednesday after they had been gone from their homes for a day.

A third runaway was indirectly responsible for the interruption of an idyllic camping trip. When Kaschalk, who had been alerted by Cleveland police, saw the pair, they were on their way to buy dog food in town for the third runaway, a German shepherd.

Stanley still had $138 left of the $200.

Bazaar Items Completed by Guild No. 12

Members of Berger Hospital Guild No. 12 completed the colorful yarn balls, which will be the featured item for sale at their Bazaar booth, during their regular monthly meeting held Monday evening in the home of Mrs. George Macklin.

The small balls which make a soft toy for the very young and a non-destructible toy for the older child will be sold by the group as a part of the General Guild's Christmas Bazaar to be held in the American Hotel on Friday. The booth will also have a variety of dollar gift items for sale.

Mrs. Jeanette Armstrong, who had been assigned the five minute discussion topic for this meeting led the discussion on good and bad television and its effect on children. White agreeing that there is much good in television, the group felt that many programs which are offered should be scheduled for late evening hours when children are in bed.

The group also agreed that the televiewer both adult and child is much less discriminating in selecting this type of entertainment than he is in selecting other activities and entertainment. In comparing the child of today with their own childhood the members felt that today's children are missing much in the way of games and reading good books which occupied the time of the children of the pre-television era.

The guild will not meet in December. Mrs. Robert E. Bower will be hostess for the January meeting.

Stassen Seen Relaunching Campaign to 'Dump Nixon'

WASHINGTON (AP) — Harold E. Stassen, who waged a "dump Nixon" campaign in 1956, seemed to be relaunching it today.

He held a political post mortem with President Eisenhower and then pointedly omitted Vice Presiden Nixon from a list of Republican presidential possibilities for 1960.

Stassen gave no indication that Eisenhower in any way approved or disapproved this omission.

Now a Philadelphia lawyer, Stassen is a former presidential adviser. Before the 1956 GOP national convention he led an unsuccessful attempt to jettison Nixon as the vice presidential nominee.

The campaign didn't get very far and, in the end, Stassen himself made a speech for Nixon in the convention.

After his visit with Eisenhower today, Stassen told newsmen he believes the Republican Party can win in 1960 with any one of four men, as the presidential candidate.

Stassen's list:

Nelson Rockefeller, who won a spectacular victory Nov. 4 in the New York governorship race.

Henry Cabot Lodge, U.S. ambassador to the United Nations.

Secretary of the Interior Fred Seaton.

Asked if he didn't have somebody else in mind, such as Nixon, Stassen replied:

"Well, I think this 1958 election speaks for itself in that regard."

To a question whether he is "still going to try to dump Nixon," Stassen replied that "I don't think it should be expressed in those terms."

Ballad Singer Skyrockets to Fame Quickly

BUENA PARK, Calif. (AP) — "In 1955 I got married, in 1956 I had a little boy, in 1957 I had another little boy — and now, in 1958, I've got a career!"

It's a career as a recording star Fran Lacey is talking about. From a quiet life on a side street in a Los Angeles suburb this pretty young mother has suddenly stepped into a new world of bright lights, celebrities, interviews and guest appearances.

"My mother is taking care of the children today so I can get my hair done — of course I have to have it done for tomorrow, because that's when I'm supposed to be on the disc jockey programs."

That's the way things are going these days for Fran. It all started when some neighbors heard her sing and told a friend who owns a record company.

The neighbors talked the friend, Russ Malloy, into auditioning her. She showed up without any sheet music and wasn't sure what she wanted to sing. The band, the Buddy Collette group, had to tell her which key to use.

She used it so well Malloy signed her up.

Fran's maiden name was Bufkin, her married name Menns. Malloy renamed her Lacey and had her record an album of ballads.

Top 4-H Dairyman Proves To Be Girl

SOUTHDEERFIELD, Mass. (AP — Massachusetts' top 4-H dairyman this year does most of the work with 53 animals and counts hunting and shooting as hobbies.

But make no mistake — the champ isn't a burly young man. Miss Joan VanPetersilge, 19, a pretty beauty school student, won the state title from among hundreds of 4-H club youths who specialize in dairying.

Extension service officials can't remember when a girl last won the title.

U.S. Polio Total Lowest Since '42

WASHINGTON (AP) — There were 5,485 polio cases in the United States in 1957.

The revised final figure made public today by the Public Health Service is the lowest annual total since 1942 when the count was 4,167.

The new total compares with an earlier provisional figure of 5,894 based on weekly reports from the state health departments. The service said it appeared there were 409 cases originally reported as polio, in which the diagnosis could not be confirmed.

The final figures showed 2,499 paralytic cases, 2,826 nonparalytic and 160 unspecified.

Stassen Seen Relaunching Campaign to 'Dump Nixon'

WASHINGTON (AP) — Harold E. Stassen, who waged a "dump Nixon" campaign in 1956, seemed to be relaunching it today.

He held a political post mortem with President Eisenhower and then pointedly omitted Vice Presiden Nixon from a list of Republican presidential possibilities for 1960.

Stassen gave no indication that Eisenhower in any way approved or disapproved this omission.

Now a Philadelphia lawyer, Stassen is a former presidential adviser. Before the 1956 GOP national convention he led an unsuccessful attempt to jettison Nixon as the vice presidential nominee.

The campaign didn't get very far and, in the end, Stassen himself made a speech for Nixon in the convention.

After his visit with Eisenhower today, Stassen told newsmen he believes the Republican Party can win in 1960 with any one of four men, as the presidential candidate.

Stassen's list:

Nelson Rockefeller, who won a spectacular victory Nov. 4 in the New York governorship race.

Henry Cabot Lodge, U.S. ambassador to the United Nations.

Secretary of the Interior Fred Seaton.

Asked if he didn't have somebody else in mind, such as Nixon, Stassen replied:

"Well, I think this 1958 election speaks for itself in that regard."

To a question whether he is "still going to try to dump Nixon," Stassen replied that "I don't think it should be expressed in those terms."

Ballad Singer Skyrockets to Fame Quickly

BUENA PARK, Calif. (AP) — "In 1955 I got married, in 1956 I had a little boy, in 1957 I had another little boy — and now, in 1958, I've got a career!"

It's a career as a recording star Fran Lacey is talking about. From a quiet life on a side street in a Los Angeles suburb this pretty young mother has suddenly stepped into a new world of bright lights, celebrities, interviews and guest appearances.

"My mother is taking care of the children today so I can get my hair done — of course I have to have it done for tomorrow, because that's when I'm supposed to be on the disc jockey programs."

That's the way things are going these days for Fran. It all started when some neighbors heard her sing and told a friend who owns a record company.

The neighbors talked the friend, Russ Malloy, into auditioning her. She showed up without any sheet music and wasn't sure what she wanted to sing. The band, the Buddy Collette group, had to tell her which key to use.

She used it so well Malloy signed her up.

Fran's maiden name was Bufkin, her married name Menns. Malloy renamed her Lacey and had her record an album of ballads.

Top 4-H Dairyman Proves To Be Girl

SOUTHDEERFIELD, Mass. (AP — Massachusetts' top 4-H dairyman this year does most of the work with 53 animals and counts hunting and shooting as hobbies.

But make no mistake — the champ isn't a burly young man. Miss Joan VanPetersilge, 19, a pretty beauty school student, won the state title from among hundreds of 4-H club youths who specialize in dairying.

Extension service officials can't remember when a girl last won the title.

U.S. Polio Total Lowest Since '42

WASHINGTON (AP) — There were 5,485 polio cases in the United States in 1957.

The revised final figure made public today by the Public Health Service is the lowest annual total since 1942 when the count was 4,167.

The new total compares with an earlier provisional figure of 5,894 based on weekly reports from the state health departments. The service said it appeared there were 409 cases originally reported as polio, in which the diagnosis could not be confirmed.

The final figures showed 2,499 paralytic cases, 2,826 nonparalytic and 160 unspecified.

Ashville News Report

By Mrs. Art Deal Jr.

The Ashville Civic Club met in the Ashville School Thursday evening. The meeting opened with the group singing "Come Ye Thankful People, Come." Mrs. Lowell Cooper led the devotions. Jim Cooper presented a vocal solo "The Bells of St. Marys" accompanied by Everett Mehrley on the piano.

Mrs. Donald Flieri presented the guest speaker, Mrs. F. C. Tammany of Circleville, who gave a delightful and entertaining talk on the customs and life in Hungary and several native recipes of that country along with an exhibit of each recipe which the club had the pleasure of sampling after the meeting.

Roll call was answered by 25 members with the name of her favorite recipe, brought to the meeting that evening. It is the hope of the program committee to have these compiled in a book form along with Mrs. Tammany's recipes for each club member. The following guests were present: Mrs. Carl Heffelfinger of Circleville, Mrs. Fred Call, Mrs. Kermit Dountz, and Miss Lola Shreve, all of Ashville.

It was decided that the January program, which is scheduled as a theatre party, be rescheduled later in the year when the theatre listings are better. The president will announce at our December meeting, which is to be the Christmas Tea at Mrs. Wade Shreve's residence, what the rescheduled program will be for January.

Mrs. Ralph Hosler asked that we go on record in backing the Village Council to receive county-wide telephone service if the rates are to be increased.

* * *

THE COUNCIL asked Mrs. Jim Courtright to report to the club that they are erecting basketball courts on the east and west side of the tennis courts in the Community Park with the tennis game always having preference. If no one is there to play tennis then the courts may be used for basketball playing.

Mrs. Flieri, Mrs. Thomas Rife, Mrs. Curtis Cromley, and Mrs. Roger Hedges were able to attend the Ohio Federation Conference for District 7 held at Pataskala recently.

The club voted to send a donation of $5 to the Pan-American Fellowship Fund sponsored by the Federated Women's Clubs.

Mrs. Felix Dore' asked that the club might be thinking of suggestions of ways to welcome new people that have moved in the village. This will be discussed further at a later meeting.

A suggestion was made that Care Self Help Packages be purchased by donations from members this Christmas rather than each member buying a gift for Veterans Hospital at Chillicothe. This will be decided at our December meeting.

Refreshments prepared by Mrs. Tammany were served by the November hostess committee with Mrs. Chester Hedges, chairman, assisted by Mrs. William Fisher and Mrs. Harry Margulis.

On Tuesday, Nov. 18th, at the Methodist Church in Circleville, all Girl and Cub Scout leaders and any interested persons are invited to attend a Craft Work-Shop of basketry and puppetry. The time is from 9 a. m. till 2:45 p. m. There will be a table of Christmas Craft. Registration is 25 cents plus 25 cents extra for basketry.

The following ambulance runs were made this past week by the Bastian Funeral Home: Tuesday, Nov. 4, moved Paul Daughtery, June Cress, and Steve Cress of Nicholsville, Va. to Berger Hospital following an auto accident on Route 23; Friday, Nov. 7 brought Mrs. Harold Tosca and son home from Mercy Hospital; Saturday, Nov. 8 brought Mrs. Kenneth Reid, Ashville, to the home of her mother near Williamsport from Mercy Hospital.

* * *

SINCE THE DEMAND for tickets is so great for the Hedges Chapel Smorgasbord Dinner next Wednesday evening, there will be three servings instead of two. They will be 4:45, 6, and 7:15 p. m. The dinner is being sponsored by the WSCS. Reservations may be made by calling Miss Brown, phone YU 3-4754.

Please keep in mind the Sinacola Spaghetti Dinner served by the Ashville - Harrison Volunteer Fire Department in the Ashville School Auditorium Thursday starting at 5:30 p. m. Carry-out dinners may be purchased also.

Mr. and Mrs. Arthur Deal, Sr. and son David of South Bloomfield, Mr. and Mrs. Art Deal, Jr., Jimmy and Jody of Ashville, and Miss Carol Dehl of Columbus were Sunday callers of Mr. Deal's mother and step-father, Mr. and Mrs. Willard Dalton of Wellston.

In the evening Mr. and Mrs. Art Deal, Jr. and children were guests of Mrs. Deal's former accordion teacher, Charlotte Rowe Gamble of Columbus, who held open house from 1 until 9 p. m. for all former and present students. Over 200 students attended this open house.

The Ashville - Harrison Band Boosters wish to thank everyone who helped in any way to make their parade and peanut sale such a success. The parade, lined up by Rolland Featheringham and Ed Pritchard, consisted of new cars, old cars, hot rods and entries submitted by local businessmen. The Ashville Fire Department led the parade, followed by the 107-piece Ashville band. Mr. Peanut rode on a car driven by Charles Morrison.

The Booster Club will have its second meeting of the school year at 7:30 p. m. November 17 in the school building.

After 4 Years Freedom, Ohio Con Back in Prison

GRAND RAPIDS, Mich. (AP)—Escaped Ohio life-termed Buryl Rodgers, arrested Nov. 1 at Ravenna, Mich., after four years of freedom, has been returned to prison.

Rodgers, 50, was turned over to Ohio authorities Tuesday.

Sheriff Arnold O. Pigorsh said Rodgers escaped in April, 1954, from the London, Ohio, prison Farm after serving 16 years of a life sentence. Rodgers had been convicted with two companions in an armed robbery and slaying of a milk truck driver.

The escapee was living with a 22-year-old bride of a few months and engaged as a construction worker under the name of John Morris when he was arrested by federal agents and county law officers.

2nd Step Taken To Get Vote on Charity Bingo

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown today received a proposed constitutional amendment seeking to legalize charity bingo in Ohio.

Submission of the proposal was the second step by sponsors to place the issue on 1959 election ballots.

Atty. Gen. William Saxbe Tuesday announced approval of the wording of the proposal to change the state constitution, which bans lotteries.

Elmer M. Coy, head of a committee of Toledo residents, submitted the proposal. He said the Legislature will be asked to place the issue before voters. If the Legislature refuses, Coy said, petitions will be circulated to bring the proposal to a vote.

Coy envisioned the proposal as the start of a move for a national lottery to pay off the national debt.

Ohio Corn Yield Set At 60 Bushels to Acre

WASHINGTON (AP)—The agriculture department estimates that Ohio farmers will produce 204,600,000 bushels of corn this year on a yield of 60 bushels per acre. Other estimates of Ohio crops made in the department's semi-annual report Wednesday include: 38,876,000 bushels of soybeans on a yield of 26.5 bushels per acre; 17,375,000 pounds of tobacco on 1,337 pounds per acre; 315,00 tons of sugar beets at 15 tons per acre, and 3,100,000 bushels of apples. The burley tobacco crop was forecast at 14,415,000 pounds, as compared with 14,523,000 last year.

South Pole Landing Set for Sunday

AUCKLAND, New Zealand (AP)—The first landing at the South Pole during this antarctic summer season will be made Sunday, the American headquarters for Operation Deep Freeze announced today.

The headquarters at Christchurch said two Neptune patrol planes will fly in six U.S. Navy men and six International Geophysical Year workers. They will relieve men who have been at the South Pole almost a year.

The Ashville - Harrison Band Boosters wish to thank everyone who helped in any way to make their parade and peanut sale such a success. The parade, lined up by Rolland Featheringham and Ed Pritchard, consisted of new cars, old cars, hot rods and entries submitted by local businessmen. The Ashville Fire Department led the parade, followed by the 107-piece Ashville band. Mr. Peanut rode on a car driven by Charles Morrison.

The Booster Club will have its second meeting of the school year at 7:30 p. m. November 17 in the school building.

After 4 Years Freedom, Ohio Con Back in Prison

GRAND RAPIDS, Mich. (AP)—Escaped Ohio life-termed Buryl Rodgers, arrested Nov. 1 at Ravenna, Mich., after four years of freedom, has been returned to prison.

Rodgers, 50, was turned over to Ohio authorities Tuesday.

Sheriff Arnold O. Pigorsh said Rodgers escaped in April, 1954, from the London, Ohio, prison Farm after serving 16 years of a life sentence. Rodgers had been convicted with two companions in an armed robbery and slaying of a milk truck driver.

The escapee was living with a 22-year-old bride of a few months and engaged as a construction worker under the name of John Morris when he was arrested by federal agents and county law officers.

2nd Step Taken To Get Vote on Charity Bingo

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown today received a proposed constitutional amendment seeking to legalize charity bingo in Ohio.

Submission of the proposal was the second step by sponsors to place the issue on 1959 election ballots.

Atty. Gen. William Saxbe Tuesday announced approval of the wording of the proposal to change the state constitution, which bans lotteries.

Elmer M. Coy, head of a committee of Toledo residents, submitted the proposal. He said the Legislature will be asked to place the issue before voters. If the Legislature refuses, Coy said, petitions will be circulated to bring the proposal to a vote.

Coy envisioned the proposal as the start of a move for a national lottery to pay off the national debt.

Ohio Corn Yield Set At 60 Bushels to Acre

WASHINGTON (AP)—The agriculture department estimates that Ohio farmers will produce 204,600,000 bushels of corn this year on a yield of 60 bushels per acre. Other estimates of Ohio crops made in the department's semi-annual report Wednesday include: 38,876,000 bushels of soybeans on a yield of 26.5 bushels per acre; 17,375,000 pounds of tobacco on 1,337 pounds per acre; 315,00 tons of sugar beets at 15 tons per acre, and 3,100,000 bushels of apples. The burley tobacco crop was forecast at 14,415,000 pounds, as compared with 14,523,000 last year.

South Pole Landing Set for Sunday

AUCKLAND, New Zealand (AP)—The first landing at the South Pole during this antarctic summer season will be made Sunday, the American headquarters for Operation Deep Freeze announced today.

The headquarters at Christchurch said two Neptune patrol planes will fly in six U.S. Navy men and six International Geophysical Year workers. They will relieve men who have been at the South Pole almost a year.

The World Today

By James Marlow

WASHINGTON (AP) — When some men stumble on the stairs to fame, fortune or influence, they bow out quietly, convinced they've had it. Not Harold Stassen. He just changes to a new pair of climbing shoes.

He did it again Wednesday when — with his influence in the Republican party apparently at an all-time low — he came out of political oblivion to talk with President Eisenhower at the White House.

This gave him a chance to use the White House as a sounding board. After leaving Eisenhower, he told newsmen his views on Republican presidential candidates in 1960.

What's he looking for: the presidential nomination himself? Probably not. He looks washed up in that department. He made three tries for the Republican nomination between 1944 and 1952.

Each time he was pushed aside. This year the Republicans of Pennsylvania, where he moved from Minnesota, rejected his bid to be their candidate for governor.

What, then, does he want? One thing is clear enough: He wants influence in the Republican party where, year by year, it has grown less. He may even have ambitions for another try at the governorship.

He said he will be very active in the Pennsylvania Republican organization and its leadership, and indicated he thought he could have won the governorship from the Democrats if his own Republicans had let him run.

Above everything else, Stassen is a man who wants to be heard, even if it means eating what he said a little while before, as happened to him in 1956 when he tried to wreck Vice President Nixon's chance for renomination.

He said at the time, in effect, that Nixon was not the man for the job. But, when it became clear the convention delegates wanted Nixon, Stassen, without apparent embarrassment, got up and publicly seconded the nomination.

Now he's cool to Nixon again. The vice president was not one of the four Republicans Stassen listed as men he thought could win the presidency in 1960 if they got the party's nomination.

His four choices were: Nelson Rockefeller, recently elected governor of New York; Henry Cabot Lodge, U.S. Ambassador to the United Nations, Secretary of the Treasury Robert B. Anderson, and Secretary of the Interior Fred Seaton.

His omission of Nixon as the man for the White House was so obvious newsmen asked him if he was going to try to "dump" Nixon all over again. He said: "I don't think it should be expressed in those terms."

But before Stassen can dump anybody he has to show he has more power in the Republican party than he's been able to display in recent years.

He even lost influence in the Eisenhower administration. After running the foreign aid program, Stassen became Eisenhower's special adviser on disarmament, working directly under the President in the White House.

But he ran afoul of Secretary of State Dulles. They didn't see eye to eye on foreign policy. Dulles won. Eisenhower shifted Stassen, putting him under Dulles, which meant under Dulles' thumb.

Early this year Stassen quit to seek the Pennsylvania governorship, lost out there, and nationally had become only a political memory.

White Collar Strike Closing Up Chrysler

DETROIT (AP)– Chrysler Corp. moved today to halt all its new car production because of a strike by 8,000 salaried office workers and engineers.

The halt order, affecting all assembly plants and many company supplier plants, meant a layoff of 40,800 of Chrysler's 70,000 production workers.

Chrysler, disclosing its shutdown plans Wednesday, said it was impossible to resume normal operation because of strike interference with production and the routing and handling of materials.

Today was the third day of the white collar workers' walkout over contract demands which were unsettled when Chrysler and the United Auto Workers reached agreement on a national contract five weeks ago.

No new negotiations were scheduled.

A total of 16 plants employing 24,000 men were shut down Wednesday. These included all eight auto and truck assembly plants in Detroit and Evansville, Ind.; Newark, Del., and Los Angeles.

The UAW international apparently was ineffective in a request to strikers to abstain from picketing at the time of shift changes so as to keep plants operating.

Main strike issues bore on seniority rights, union demands for wage equity on various jobs, and a wage progression demand.

Chrysler said the pay on the various jobs ranges from $319 a month for messengers and mail boys up to $903 a month for project design men. Forty per cent of the salaried force is paid more than $500 a month, the company said.

Hero Officer's Fatal Robbery Act Is Puzzle

LEAVENWORTH, Kan. (AP)— Mrs. Russell Edgar Parker aimlessly caressed an empty coffee cup, puzzled by the question which had tormented her for sleepless hours.

"I know people are asking why an officer with a fine record would do this thing," she said. "I cannot answer them. I simply cannot."

Her husband, a 40-year-old Army major from Laurel, Miss., was shot and killed Monday night as he fled with $568 he had stolen in a holdup at a downtown Kansas City movie theater. The decorated veteran of World War II and Korea was shot by the theater manager.

The Parkers came to Ft. Leavenworth from Corbin, Ky., in August and he was taking a 10-month course at the Army's Command and General Staff College. They lived in the upstairs of a private home in Leavenworth. They have no children.

"I have no idea . . . There was no hint . . . that anything was so desperately wrong," said Mrs. Parker. "He seemed to be in good spirit. He seemed to be in good health.

"He was happy-go-lucky in a way, but he took his studies seriously. He was determined to do well. I wanted to help him. I had no outside activities."

The course he was taking is sometimes called the "pressure cooker."

An Army spokesman said Maj. Parker may have worried about financial problems. He had helped pay heavy medical expenses incurred recently by his parents, Mr. and Mrs. Edgar Parker in Laurel.

Turnpike Eyes Gate System On Crossovers

CLEVELAND (AP) — To eliminate wrong-way driving on the Ohio Turnpike, the Ohio Highway and turnpike Assn. has recommended that locked gates be installed on crossovers.

The crossover, used by emergency vehicles and turnpike patrolmen, span the depressed center strip of the toll road and connect the divided lanes.

The turnpike patrol said Wednesday that 34 arrests have been made this year for wrong-way driving on the main roadways, in service plazas and at interchanges. Several drivers were warned for the same infraction, the patrol said.

Michael Desmond of Columbus, executive director of the organization which sponsored the Ohio Turnpike Act, stated Wednesday: "If crossovers are necessary for patrolling and maintenance then these crossovers should have locked gates, with keys available only to highway patrolmen and maintenance drivers."

Seven persons were killed last week in a headon collision blamed on wrong-way driving.

Ohio Idle Pay Claim List Still Showing Decline

COLUMBUS, Ohio (AP)—Claims for state jobless benefits dropped off last week, the Ohio Bureau of Unemployment Compensation reported today.

The bureau's figures showed decreases both in claims for persons newly unemployed and those out of work one week or more.

Preliminary figures disclose that 15,226 new claimants filed for benefits, a drop of 210 from the previous week, and that there were 86,080 continuing claims, a decrease of 1,623.

Claimants for temporary extended benefits also dropped in number, as has been the case for several weeks. Initial claims totaled 3,428 and continued claims 39,705, decreasing by 310 and 2,194, respectively, from the previous week.

Fouts, Summers Lose Appeal to High Court

DAYTON, Ohio (AP)—The U.S. Supreme Court has turned down the appeals of George Fouts, 68, and Virgil (Doc) Summers from their convictions of the $4,500 burglary of the Citizens National Bank of Ansonia, Ohio, in 1946.

The refusal of the high court to review their convictions means that Summers, now driving a laundry truck in Kansas City, and Fouts, in a Dayton jail charged with carrying a concealed weapon, will be sent to Leavenworth Penitentiary to begin serving their terms.

One of the leading cities of Poland is Bydgoszcz. It is pronounced "Bromberg."

15-Year-Old Slayer To Be Tried as Adult

YOUNGSTOWN, Ohio (AP)—A 15-year-old boy accused of slaying a 62-year-old railroad worker will be tried as an adult. Juvenile Judge Henry P. Beckenbach of Mahoning County Wednesday ordered Richard Harter of Garfield Heights, a Cleveland suburb bound to the county grand jury. Edward Craven was shot last Oct. 8, police said, when he refused to turn his car over to the boy.

U. S. Secretary of State John Foster Dulles says that his first diplomatic assignment was at the age of 19 when he was attached to the Chinese delegation at the second Hague Peace Conference.

11 Muscular Jungle Men Vie for Newest Tarzan Role

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP) — Eleven movie muscle men are up a tree. They're fretting over which one will be elected the screen's Tarzan the 19th.

And I mean literally up a tree. At least they were the other day when the 11 hopefuls reported to the world jungle compound at 1,000 Oaks to pose for photos and movie tests.

Another fellow who's fretting is Sy Weintraub. He's the new producer of the longest-running movie series. He has to decide which fellow wins the loin cloth. Before he took off for Europe to see three foreign possibilities, I sat with him while he watched the screen tests.

One by one, the lads stalked through the brush, peered around furtively, stooped to pick up a piece of evidence and then uttered the famed Tarzan bellow. Fortunately, the tests were silent.

Weintraub cited three or four who will be in the final running. These were in his qualifications for the 19th Tarzan:

"He's got to have the graceful movement of a Joe DiMaggio and the build of a Charles Atlas, but he doesn't need to have the acting ability of a Laurence Olivier. He must be well-built but not muscle-bound; we want a man who is lithe and looks as though he lived in a jungle."

It's a pretty tall order, and Weintraub must make his decision soon. His crews will be taking off for Africa to film the first of the new series.

"We're making it hard for ourselves and calling it 'Tarzan's Greatest Adventure,'" he reported. "How are we going to top that? I don't know. Maybe we'll do 'Son of Tarzan's Greatest Adventure.'"

Weintraub, a young, enthusiastic man, is hepped up about the future of the Tarzan epics. He cited figures of a half-billion dollars in returns from the films, which date back to the early silents.

"In recent years, there has been only about one film every 14 months," he said. "We plan to make two a year. It's better to keep a continuous publicity campaign going than to build one every time you put out a picture.

"Besides, there is a surefire audience. Every Tarzan plays 15,000 for 'Bridge on the River Kwai.'"

Among the previous Tarzans there have been many who have revolted at their contracts, which limited them to the jungle.

Here's a note for the jungle-type babes: No need to apply for the role of Tarzan's mate. Weintraub says there will be no Jane in the new picture.

"Tarzan was getting too suburban," he explained.

French Melting Pot Urged by Moslem

ALGIERS (AP) — A Moslem candidate for the French National Assembly has called for a French "melting pot" for Moslems similar to what the United States offered millions of European immigrants.

Robert Abdessalam, lawyer and internationally known tennis player, made his proposal Tuesday in the first formal campaign speech preceding the legislative elections Nov. 28-30.

"The United States has accepted millions of people and given them a feeling of belonging," he said. France should follow the same road to integration."

Fast Pick Up

RICHMOND, Va., (AP)— Ed Merrick, football coach of the University of Richmond, praised his coaching rivals to the skies at a banquet here—in the jocular hope that they would be easy on his team.

As Merrick returned to his seat Coach Frank Moseley of Virginia Tech turned over backwards in his chair with a loud crash. In his turn on the rostrum Moseley said he just wanted to see if Merrick would pick him up. He did.

A Ducky Method

QUINCY, Ill. (AP) — The shooting season here should find plenty of ducks.

The Illinois state department of conservation released 400 large mallard ducklings on Triangle and other lakes in the vicinity.

Conservationists believe that if the ducks stay in the area they will make good decoys to lure flocks of mallards.

11 Muscular Jungle Men Vie for Newest Tarzan Role

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP) — Eleven movie muscle men are up a tree. They're fretting over which one will be elected the screen's Tarzan the 19th.

And I mean literally up a tree. At least they were the other day when the 11 hopefuls reported to the world jungle compound at 1,000 Oaks to pose for photos and movie tests.

Another fellow who's fretting is Sy Weintraub. He's the new producer of the longest-running movie series. He has to decide which fellow wins the loin cloth. Before he took off for Europe to see three foreign possibilities, I sat with him while he watched the screen tests.

One by one, the lads stalked through the brush, peered around furtively, stooped to pick up a piece of evidence and then uttered the famed Tarzan bellow. Fortunately, the tests were silent.

Weintraub cited three or four who will be in the final running. These were in his qualifications for the 19th Tarzan:

"He's got to have the graceful movement of a Joe DiMaggio and the build of a Charles Atlas, but he doesn't need to have the acting ability of a Laurence Olivier. He must be well-built but not muscle-bound; we want a man who is lithe and looks as though he lived in a jungle."

It's a pretty tall order, and Weintraub must make his decision soon. His crews will be taking off for Africa to film the first of the new series.

"We're making it hard for ourselves and calling it 'Tarzan's Greatest Adventure,'" he reported. "How are we going to top that? I don't know. Maybe we'll do 'Son of Tarzan's Greatest Adventure.'"

Unionist To File Rap Against Chrysler Plant

CLEVELAND (AP)—An unfair labor practices complaint has been filed here against Chrysler Corp. by a union committeeman who says he was fired because of his union activity. The complaint was filed with the regional office of the National Labor Relations Board by Richard Debyns of Cuyahoga Falls. The firing, which the company said was for insubordination, touched off a wildcat strike at the Chrysler stamping plant at Twinsburg.

Fall in Cafe Blamed For Death of Attorney

HAMILTON, Ohio (AP) — Dr. Garret J. Boone, Butler County coroner, ruled Wednesday that Robert V. Hughes, 44, Hamilton attorney, met death accidentally. Hughes died Tuesday night of a brain hemorrhage. Dr. Boone said it apparently resulted from a fall in a Hamilton cafe Monday night.

State Treasurer Denies 'Return' of Conscience Money

COLUMBUS, Ohio (AP) — A Lancaster resident today asked "return" of $100 in conscience money received 10 days ago by State Treasurer Roger W. Tracy.

The unidentified writer said his wallet containing five $20 bills was stolen from his trousers hanging on an enclosed porch. The "applicant" said he read a newspaper account about Tracy's receipt of five $20 bills in a letter postmarked on a train on the way to Ohio from Detroit, Mich.

"My billfold had just five $20 bills in it, but I have no way of identifying them," the Lancaster man wrote.

Tracy expressed sympathy over the loss but advised the Lancaster man that there was no evidence to link his loss with the conscience money.

Utah Labels Ohio Boys With Delinquency

MANTI, Utah (AP) — Donald Vereshack, 14, and William Henry, 16, both of Mentor-on-the-Lake, Ohio, have been charged with delinquency. The pair were captured after police shot out the tires on their car during a 30-mile chase Monday. District Judge Merrill Hermansen said arrangements have been made for restitution of an estimated $200 damage to a highway patrol car at a roadblock. Police said the chase started when the boys drove away from a filling station without paying for a gas purchase.

WAVES HAIR CASUALLY
Without Permanent Waving Solutions

As casual as if you were born with it, your hair can be beautifully waved in the latest style without permanent waving solution, without neutralizing, without sprays, lacquers or sticky flaky gums. In the miracle of one simple application even the straightest, most difficult to curl hair develops entrancing fascinating waves as natural-looking as naturally wavy hair. Most important, you don't have to put up your hair night after night yet the wave stays-in. Muss up your hair as much as you like, sleep on it, let it blow in the wind . . . just comb and back into place fall those soft lovely waves, still as natural-looking as if you were blessed with wavy hair all your life. And equally important, your hair gleams radiantly, is so soft, so smooth, so natural to touch. There's none of the stickiness of sprays and lacquers . . . none of that old country "fixed set" look you get after wave sets. And most important of all, your casual wave will look as glamorous the 7th day as it does the 1st. Yet the cost is so fantastically low it's amazing!

Kasa Curl . . . The All New Hair Waving Crystals

Seven years were needed by the well known Chicago Cosmetic Chemist to perfect these safe crystals that change hair so amazingly. It makes no difference if your hair is short or long . . . no matter what type or texture your hair may be . . . no matter how rebellious or flighty your hair is . . . whether your hair is dark or light or gray, dyed or bleached, old or young . . . in just one simple home application Kasa Hair Waving Crystals transform it overnight into the natural-looking, casual waviness of your dreams.

JUST COMB IN

No disappointing failures, nothing that can damage or dry out the hair. All you do is stir a single teaspoonful of clear white Kasa Curl Crystals into a glass of water. Dip in your comb and comb through your hair. No dabbing, no squirting. Just comb through, put up your hair on your regular curlers or pins . . . and let dry. In the morning your hair will comb out with a casual wave as perfect as naturally wavy hair. Instantly your beautiful, lustrous, soft, smooth hair dresses into the flattering hair style of your choice. And no matter how disarranged your hair becomes at night as you sleep, each morning a few swift strokes of the comb once more makes your hair perfect. There's no loose straggly ends, no "licks," no need for pins. And no matter how damp and dismal the weather, your Kasa Curl stays in . . . as neat and lovely the 7th day as the 1st.

1,000 LADIES OFFERED CONVINCING HOME TRIAL

The first 1000 customers who take $1 plus 10¢ tax to their drug store and ask for Kasa Curl will receive the 1 oz. bottle of these fantastic crystals . . . enough to make six half-pints Curling Lotion . . . enough to curl the hair of a family of 20 women and girls! Unionist To File Rap Against Chrysler Plant

CLEVELAND (AP)—An unfair labor practices complaint has been filed here against Chrysler Corp. by a union committeeman who says he was fired because of his union activity. The complaint was filed with the regional office of the National Labor Relations Board by Richard Debyns of Cuyahoga Falls. The firing, which the company said was for insubordination, touched off a wildcat strike at the Chrysler stamping plant at Twinsburg.

Fall in Cafe Blamed For Death of Attorney

HAMILTON, Ohio (AP) — Dr. Garret J. Boone, Butler County coroner, ruled Wednesday that Robert V. Hughes, 44, Hamilton attorney, met death accidentally. Hughes died Tuesday night of a brain hemorrhage. Dr. Boone said it apparently resulted from a fall in a Hamilton cafe Monday night.

State Treasurer Denies 'Return' of Conscience Money

COLUMBUS, Ohio (AP) — A Lancaster resident today asked "return" of $100 in conscience money received 10 days ago by State Treasurer Roger W. Tracy.

The unidentified writer said his wallet containing five $20 bills was stolen from his trousers hanging on an enclosed porch. The "applicant" said he read a newspaper account about Tracy's receipt of five $20 bills in a letter postmarked on a train on the way to Ohio from Detroit, Mich.

"My billfold had just five $20 bills in it, but I have no way of identifying them," the Lancaster man wrote.

Tracy expressed sympathy over the loss but advised the Lancaster man that there was no evidence to link his loss with the conscience money.

Utah Labels Ohio Boys With Delinquency

MANTI, Utah (AP) — Donald Vereshack, 14, and William Henry, 16, both of Mentor-on-the-Lake, Ohio, have been charged with delinquency. The pair were captured after police shot out the tires on their car during a 30-mile chase Monday. District Judge Merrill Hermansen said arrangements have been made for restitution of an estimated $200 damage to a highway patrol car at a roadblock. Police said the chase started when the boys drove away from a filling station without paying for a gas purchase.

Browns' Brown Doubts His Play Actually Is Slowing

CLEVELAND (AP)—Has Jimmy Brown slowed down in the last two Cleveland football games?

"No, I don't think so," the 22-year-old fullback said. "At least I know I'm not doing anything different."

In Cleveland's first five games, the power-running Negro piled up 815 yards rushing and 14 touchdowns. In the two losses to the New York Giants and Detroit, Brown was limited to 113 yards and one TD, and 83 yards and no scores, respectively.

He was the National Football League's Rookie of the Year in 1957 when he led the league in rushing with 942 yards. Now, after seven games he has 1,011 yards and 15 touchdowns. The season records — both held by Steve Van Buren of the Philadelphia Eagles — are 1,146 yards and 18 touchdowns.

"I'm not pressing or thinking about any records," Brown said. "I just try to do my best every game. Those records will take care of themselves."

He is 6 foot-2, 228 pounds. His muscular body is packed with power from his 18-inch neck, massive shoulders, 32-inch waist, down to his steel-like thighs.

The something extra Jimmy has in comparison with most fullbacks is his speed and lightning start.

Brown has competed in track (as a high jumper and discus thrower mostly) and in basketball and lacrosse (picked on an All-America team while at Syracuse), in addition to baseball and football. He probably is one of the few athletes to be given All-America recognition in two different sports.

Brown doesn't drink or smoke and eats whatever he feels like eating.

The Browns joshingly call him "Gabby." He is quiet and seemingly shy but answers questions intelligently and courteously.

He must realize he's the hottest attraction in pro football, but Jimmy Brown hasn't lost his poise. He's got both feet on the ground.

Brown lives in a small apartment overlooking a park. He's single and lives by himself.

What does he do for leisure?

"There isn't too much time during the football season. I get up at 8:30 in the morning, have to be at practice at 9:30. It takes me about five minutes to get there from my apartment.

"I go to the movies a few times a week, go shopping for clothes and anything else I may need, but most of my free time I listen to records. I like music—mostly hazz records, thythm and blues, some dance tunes, but no classical records.

"On weekends, it's a different routine. I sleep until noon Saturday, try answering some of my fan letters (he and kicking specialist Lou Groza get the most on the team) and get to the hotel with the team at 6 or 6:30. Then I'm with the fellows until the game.

"I also read quite a bit, but nothing heavy. Mostly magazines and newspapers. I visit some friends around town quite a bit at nights but get to sleep early. Studying plays also takes up some time."

Last winter, Brown spent six months in the Army at Fort Benning, Ga.

"That did me a lot of good," he said. "The conditioning helped. I got to play basketball and did a lot of running."

In seven games this year Jimmy has averaged 6.7 yards per carry. That is pretty good in the pro league, but not quite as good as his average the first year he played fullback. When he was 14, a sophomore fullback at Manhasset (L.I.) High School, he averaged 7.4 yards. As a junior he moved to left halfback and hit 15.1, then in his senior year made 14.9.

He grew up on Long Island, but was not born there. His birthplace was Saint Simon's Island, just off the coast of Georgia. Born Feb. 17, 1936, he was the only child of Swinton and Theresa Brown.

He broke a basketball scoring record at Manhasset High, by making 55 points, and was above average in his classes. But it was in football that he shone. When he was graduated, the students voted to retire his number, 33.

Senator Frost Wins Feature

INGLEWOOD, Calif. (Spl.) — Senator Frost, the world record holding Ohio trotter, added another batch of cash to his mounting bank roll at nearby Hollywood Park Wednesday.

The trotter, owned by Wayne Galvin of Wilmington and Ray Foster of Lima, grabbed the winner's share of the $10,000 Western Trot. He went the mile distance in 2:01.3, coming home the last quarter in 28 seconds.

The Senator won by four lengths with Lunber Along finishing second and Little Rocky Third. The Ohio entry was the pre-race favorite, paying $2.30, $2.10 and $2.10.

One Coach's View

TUCSON, Ariz. (AP) — Football Coach Ed Doherty of the University of Arizona was asked about his team's chances.

"I think we could beat any junior college team in the country," said the coach, "but the last time I looked I didn't see any junior colleges on our schedule."

Arizona won its opener 7-6 then lost five straight.

SPORTS

Six Cage Games Set Friday Night

Six county and area basketball games are on tap tomorrow night. Williamsport meets Monroe in the first Pickaway County league contest of the 1958-1959 season.

Other games include Atlanta meeting arch rival New Holland on the Bulldog court. Good Hope, Fayette County faces winless Jackson on the Wildcat floor.

Centralia, undefeated in one start, battles heated foe Huntington on the Hunstmen court; Madison Mills goes against undefeated Kingston at Kingston, and winless Laurelville meets league foe Union Furnace.

Deercreek, with a 1-1 record, goes to Monroe tomorrow night. The Indians are winless in two starts. Williamsport will dress two of the county's top scorers, David Myers and Nick Stonerock, plus a unit of scrappy ball players.

* * *

MONROE has a well balanced five with Larry Bigam its leading scorer. The Atlanta Red Raiders take a 2-1 slate to New Holland, which is winless in two starts.

The raiders have unleashed a number of able scorers who take turns leading the attack. So far, Tommy Oyer, Darrell Wisecup and Ronnie Morris have seared the nets. The question is, who will it be tomorrow night?

New Holland is in the process of rebuilding around returning veteran Nelson Bochard, and coach Adrian Conrad hopes that as the season moves along his ball club will develop.

Jackson, led by the county's top scorer Charlie Galloway, meets Good Hope, which absorbed a 75-36 beating at the hands of Atlanta Tuesday. If Galloway can get assistance from Jerry Brigner the Wildcats may chalk up their first victory.

Centralia begins its rugged season tomorrow night when it meets Huntington. The Huntsmen must rebuild this year as do the Bulldogs and the victor will be the team who has rebuilt the fastest.

A strong Madison Mills will test the Kingston Redskins on the Ross County court. Kingston has two convincing victories under its belt and a squad of speed and accurate shots.

* * *

LAURELVILLE has gotten off on the wrong foot this year with two straight losses. The Wildcats will need all their ability Friday when they take on Union Furnace in a league battle on the Furnace court.

Last year the two teams fought tooth and nail for the league title, with Furnace coming out on top. In tournament play Laurelville was the victor. The Wildcats have rebuilt behind the center play of Mickey Young.

The Laurelville basketball schedule is below:

LAURELVILLE
Wildcats
Coach — Lonny Miller

Laurelville 45	Gibsonville 48
Laurelville 54	Coalton 63
Nov. 14 — at Union Furnace (x)

Jan. 23 — at Murray City (x)	
Jan. 30 — South Bloomingville (x)	
Feb. 6 — Rockbridge (x)	
Feb. 13 — at Carbon Hill (x)	

(x) League games
Last year's record — 16-7
Christmas tourney includes Williamsport, Laurelville, Stoutsville and Bloomingburg.

Learning Pro Game Is Hard In Cincinnati

By THE ASSOCIATED PRESS

Cincinnati's kids are learning the pro game the hard way in the National Basketball Assn. The rookie Royals have lost six straight.

They've won only one of eight this season after Wednesday night's 116-115 defeat by the Syracuse Nations, who trailed by 11 at the half. It was the only game scheduled.

Still, the Royals are improving. They're losing by less. None of their other defeats was that close. If it hadn't been for Dolph Schayes 30 points in the second half, which set three Cincinnati Gardens records, the losing streak might have been forgotten.

Even Schayes wasn't enough for the Nats. They needed Larry Costello's stolen ball basket with four seconds left to win it, moving within a half game of first place New York in the Eastern Division. The Royals are last in the Western, but they're only four games out of first.

Schayes, who tied Cincinnati's Jack Twyman for scoring honors with 32, bettered the Cincinnati scoring record for one half set just last Sunday by Philadelphia's Paul Arizin with 26. Schayes' 12-for-12 at the foul line in the last quarter broke the 9-for-11 record he held with Detroit's George Yardley. His 18 points in the final period bettered the record of 17 held by three players.

Army To Say 'No' To All Bowl Bids

WEST POINT, N. Y. (AP) — Army is not going to play in any post-season football bowl games regardless of its record.

Lt. Gen. Gar Davidson, superintendent of the U. S. Military Academy and former head football coach at West Point, Wednesday put a firm and official stamp of disapproval on post-season games by the Cadets.

The Cadets, who have won six and tied one of their seven games, have been under consideration by several bowl selection committees.

Arizona Halfback Is Top Catcher

NEW YORK (AP) — When Arizona's Dave Hibbert snared 12 forward passes for 107 yards against Texas Tech Saturday, he became the best catcher in major college football.

Hibbert, 5-foot-9 halfback from Phoenix, has caught 46 passes, 10 more than his closest competitor, Ulmo Randle of Virginia, who led a week ago. He has accounted for 25.6 per cent of Arizona's total offense.

When the Arizona ace went on his spree against Texas Tech, he turned in the best record since Fordham's Ed Brown nabbed 15 passes against New York University six years ago.

Barney Ross Sweats Out Pilot Debut

CHICAGO (AP) — Barney Ross bobbed his head from one side to the other. He clinched his fists and jabbed.

He shouted until he was hoarse. He jumped frequently to his feet.

Once again he was in the Chicago Stadium ring, only in reality he was sitting beside it.

But he just couldn't bring his protege, lightweight Frankie Ryff, through to victory. Young Eddie Perkins of Chicago, making his first major ring appearance, had too sharp combinations and scored a unanimous 10-round decision over the New York veteran.

There was plenty of blood, some of it being splattered into the press row and near Ross, who took over as Ryff's manager several months ago.

Ryff's nose began bleeding in the third after Perkins decked him for a mandatory eight count with a short right. In the fifth Ryff's frequently slashed left eyebrow opened up. Perkin's nose, and a slight cut under his left eye, also poured blood.

Under the five point must system, Judge John Bray scored the nationally televised bout 47-44, Judge Bill Doty 47-43 and Referee Frank Sikora 45-44. The Associated Press card favored Perkins 48-44.

Each weighed 138 pounds.

Browns' Brown Doubts His Play Actually Is Slowing

CLEVELAND (AP)—Has Jimmy Brown slowed down in the last two Cleveland football games?

"No, I don't think so," the 22-year-old fullback said. "At least I know I'm not doing anything different."

In Cleveland's first five games, the power-running Negro piled up 815 yards rushing and 14 touchdowns. In the two losses to the New York Giants and Detroit, Brown was limited to 113 yards and one TD, and 83 yards and no scores, respectively.

He was the National Football League's Rookie of the Year in 1957 when he led the league in rushing with 942 yards. Now, after seven games he has 1,011 yards and 15 touchdowns. The season records — both held by Steve Van Buren of the Philadelphia Eagles — are 1,146 yards and 18 touchdowns.

"I'm not pressing or thinking about any records," Brown said. "I just try to do my best every game. Those records will take care of themselves."

He is 6 foot-2, 228 pounds. His muscular body is packed with power from his 18-inch neck, massive shoulders, 32-inch waist, down to his steel-like thighs.

The something extra Jimmy has in comparison with most fullbacks is his speed and lightning start.

Brown has competed in track (as a high jumper and discus thrower mostly) and in basketball and lacrosse (picked on an All-America team while at Syracuse), in addition to baseball and football. He probably is one of the few athletes to be given All-America recognition in two different sports.

Brown doesn't drink or smoke and eats whatever he feels like eating.

The Browns joshingly call him "Gabby." He is quiet and seemingly shy but answers questions intelligently and courteously.

He must realize he's the hottest attraction in pro football, but Jimmy Brown hasn't lost his poise. He's got both feet on the ground.

Brown lives in a small apartment overlooking a park. He's single and lives by himself.

What does he do for leisure?

"There isn't too much time during the football season. I get up at 8:30 in the morning, have to be at practice at 9:30. It takes me about five minutes to get there from my apartment.

"I go to the movies a few times a week, go shopping for clothes and anything else I may need, but most of my free time I listen to records. I like music—mostly hazz records, thythm and blues, some dance tunes, but no classical records.

"On weekends, it's a different routine. I sleep until noon Saturday, try answering some of my fan letters (he and kicking specialist Lou Groza get the most on the team) and get to the hotel with the team at 6 or 6:30. Then I'm with the fellows until the game.

"I also read quite a bit, but nothing heavy. Mostly magazines and newspapers. I visit some friends around town quite a bit at nights but get to sleep early. Studying plays also takes up some time."

Last winter, Brown spent six months in the Army at Fort Benning, Ga.

"That did me a lot of good," he said. "The conditioning helped. I got to play basketball and did a lot of running."

In seven games this year Jimmy has averaged 6.7 yards per carry. That is pretty good in the pro league, but not quite as good as his average the first year he played fullback. When he was 14, a sophomore fullback at Manhasset (L.I.) High School, he averaged 7.4 yards. As a junior he moved to left halfback and hit 15.1, then in his senior year made 14.9.

He grew up on Long Island, but was not born there. His birthplace was Saint Simon's Island, just off the coast of Georgia. Born Feb. 17, 1936, he was the only child of Swinton and Theresa Brown.

He broke a basketball scoring record at Manhasset High, by making 55 points, and was above average in his classes. But it was in football that he shone. When he was graduated, the students voted to retire his number, 33.

Senator Frost Wins Feature

INGLEWOOD, Calif. (Spl.) — Senator Frost, the world record holding Ohio trotter, added another batch of cash to his mounting bank roll at nearby Hollywood Park Wednesday.

The trotter, owned by Wayne Galvin of Wilmington and Ray Foster of Lima, grabbed the winner's share of the $10,000 Western Trot. He went the mile distance in 2:01.3, coming home the last quarter in 28 seconds.

The Senator won by four lengths with Lunber Along finishing second and Little Rocky Third. The Ohio entry was the pre-race favorite, paying $2.30, $2.10 and $2.10.

One Coach's View

TUCSON, Ariz. (AP) — Football Coach Ed Doherty of the University of Arizona was asked about his team's chances.

"I think we could beat any junior college team in the country," said the coach, "but the last time I looked I didn't see any junior colleges on our schedule."

Arizona won its opener 7-6 then lost five straight.

Coach Hanged In Effigy Before Season's Opener

TOLEDO, Ohio (AP) — Eddie Melvin, basketball coach at the University of Toledo, was hanged in effigy Wednesday — and the cage season hasn't even opened.

Students said the deed was in protest of Melvin's move in kicking Guard Al Vann of Brooklyn, N. Y., off the squad Monday for disciplinary reasons.

Vann, a senior, has been a defensive stalwart of the team and was the second highest scorer last season. Specific reasons for his ouster were not disclosed.

Toledo opens the basketball season Dec. 1 against Baldwin-Wallace.

SPORTS

Six Cage Games Set Friday Night

Six county and area basketball games are on tap tomorrow night. Williamsport meets Monroe in the first Pickaway County league contest of the 1958-1959 season.

Other games include Atlanta meeting arch rival New Holland on the Bulldog court. Good Hope, Fayette County faces winless Jackson on the Wildcat floor.

Centralia, undefeated in one start, battles heated foe Huntington on the Hunstmen court; Madison Mills goes against undefeated Kingston at Kingston, and winless Laurelville meets league foe Union Furnace.

Deercreek, with a 1-1 record, goes to Monroe tomorrow night. The Indians are winless in two starts. Williamsport will dress two of the county's top scorers, David Myers and Nick Stonerock, plus a unit of scrappy ball players.

* * *

MONROE has a well balanced five with Larry Bigam its leading scorer. The Atlanta Red Raiders take a 2-1 slate to New Holland, which is winless in two starts.

The raiders have unleashed a number of able scorers who take turns leading the attack. So far, Tommy Oyer, Darrell Wisecup and Ronnie Morris have seared the nets. The question is, who will it be tomorrow night?

New Holland is in the process of rebuilding around returning veteran Nelson Bochard, and coach Adrian Conrad hopes that as the season moves along his ball club will develop.

Jackson, led by the county's top scorer Charlie Galloway, meets Good Hope, which absorbed a 75-36 beating at the hands of Atlanta Tuesday. If Galloway can get assistance from Jerry Brigner the Wildcats may chalk up their first victory.

Centralia begins its rugged season tomorrow night when it meets Huntington. The Huntsmen must rebuild this year as do the Bulldogs and the victor will be the team who has rebuilt the fastest.

A strong Madison Mills will test the Kingston Redskins on the Ross County court. Kingston has two convincing victories under its belt and a squad of speed and accurate shots.

* * *

LAURELVILLE has gotten off on the wrong foot this year with two straight losses. The Wildcats will need all their ability Friday when they take on Union Furnace in a league battle on the Furnace court.

Last year the two teams fought tooth and nail for the league title, with Furnace coming out on top. In tournament play Laurelville was the victor. The Wildcats have rebuilt behind the center play of Miekey Young.

The Laurelville basketball schedule is below:

LAURELVILLE
Wildcats
Coach — Lonny Miller

Laurelville 45	Gibisonville 48
Laurelville 54	Coalton 63
Nov. 14 — at Union Furnace (x)

Learning Pro Game Is Hard In Cincinnati

By THE ASSOCIATED PRESS

Cincinnati's kids are learning the pro game the hard way in the National Basketball Assn. The rookie Royals have lost six straight.

They've won only one of eight this season after Wednesday night's 116-115 defeat by the Syracuse Nationals, who trailed by 11 at the half. It was the only game scheduled.

Still, the Royals are improving. They're losing by less. None of their other defeats was that close. If it hadn't been for Dolph Schayes 30 points in the second half, which set three Cincinnati Gardens records, the losing streak might have been forgotten.

Even Schayes wasn't enough for the Nats. They needed Larry Costello's stolen ball basket with four seconds left to win it, moving within a half game of first place New York in the Eastern Division. The Royals are last in the Western, but they're only four games out of first.

Schayes, who tied Cincinnati's Jack Twyman for scoring honors with 32, bettered the Cincinnati scoring record for one half set just last Sunday by Philadelphia's Paul Arizin with 26. Schayes' 12-for-12 at the foul line in the last quarter broke the 9-for-11 record he held with Detroit's George Yardley. His 18 points in the final period bettered the record of 17 held by three players.

Army To Say 'No' To All Bowl Bids

WEST POINT, N. Y. (AP) — Army is not going to play in any post-season football bowl games regardless of its record.

Lt. Gen. Gar Davidson, superintendent of the U. S. Military Academy and former head football coach at West Point, Wednesday put a firm and official stamp of disapproval on post-season games by the Cadets.

The Cadets, who have won six and tied one of their seven games, have been under consideration by several bowl selection committees.

Arizona Halfback Is Top Catcher

NEW YORK (AP) — When Arizona's Dave Hibbert snared 12 forward passes for 107 yards against Texas Tech Saturday, he became the best catcher in major college football.

Hibbert, 5-foot-9 halfback from Phoenix, has caught 46 passes, 10 more than his closest competitor, Ulmo Randle of Virginia, who led a week ago. He has accounted for 25.6 per cent of Arizona's total offense.

When the Arizona ace went on his spree against Texas Tech, he turned in the best record since Fordham's Ed Brown nabbed 15 passes against New York University six years ago.

Barney Ross Sweats Out Pilot Debut

CHICAGO (AP — Barney Ross bobbed his head from one side to the other. He clinched his fists and jabbed.

He shouted until he was hoarse. He jumped frequently to his feet.

Once again he was in the Chicago Stadium ring, only in reality he was sitting beside it.

But he just couldn't bring his protege, lightweight Frankie Ryff, through to victory. Young Eddie Perkins of Chicago, making his first major ring appearance, had too sharp combinations and scored a unanimous 10-round decision over the New York veteran.

There was plenty of blood, some of it being splattered into the press row and near Ross, who took over as Ryff's manager several months ago.

Ryff's nose began bleeding in the third after Perkins decked him for a mandatory eight count with a short right. In the fifth Ryff's frequently slashed left eyebrow opened up. Perkin's nose, and a slight cut under his left eye, also poured blood.

Under the five point must system, Judge John Bray scored the nationally televised bout 47-44, Judge Bill Doty 47-43 and Referee Frank Sikora 45-44. The Associated Press card favored Perkins 48-44.

Each weighed 138 pounds.

Only Whitehouse Offers You These 4 Big Dishwashers Advantages!

1. Outwashes all other dishwashers! Removes even dried egg yolk, other sticky foods ... without pre-rinsing!
2. Baby bottles are sterilized! 180° sterilizing rinse ... plus fast, 2-minute radiant heat drying does it!
3. No dish-wiping! Rinsed with walls of soft water. Whitehouse has built-in automatic water softener ... leaves everything sparkling.
4. Lower cost when you buy it! No installation costs. No wiring, plumbing, nor cabinet work.

IN THE COMMON PLEAS COURT
PICKAWAY COUNTY, OHIO
No. 22209
NOTICE

Velma L. Hall, Plaintiff,
vs.
Darwin E. Hall, Defendant.

Velma L. Hall, whose place of residence is 2422 North Royer Street, Colorado Springs, Colorado, will take notice that on the 29th day of October, 1958, the undersigned filed his cross-petition against you in the Common Pleas Court of Pickaway County, Ohio, praying for a divorce and relief on the grounds of gross neglect of duty; that you be restored to your former name of Velma L. Stephens. The cross-petition in said cause also prays that the following personal property, a Spartan 45 foot trailer, of which you are the owner of an undivided one-half interest, be applied toward the payment of permanent alimony for defendant. Said cause will be for hearing on and after the 4th day of December, 1958, and you are required to answer on or before the 4th day of December, 1958.

PROTECTION
You Can Depend on . . .

. . . Against unexpected loss of money. Our customers know they will not have to spend out a sudden big repair bill. Our "National Bonded" program for our A-1 used cars works for your car like hospitalization works for you. A breakdown of your car's major working parts cannot cost you a cent for one full year after purchase of the car. Our "National Bonded" A-1 cars get a complete "physical" exam by experts before we sell them. Then we deliver the car to you with a warranty that is good for one full year for 100% of the cost of breakdown repairs. This is one reason our Ford Dealer A-1 used cars are in constant demand. See one of these men for further details.

PROTECTION
You Can Depend on . . .

. . . Against unexpected loss of money. Our customers know they will not have to spend out a sudden big repair bill. Our "National Bonded" program for our A-1 used cars works for your car like hospitalization works for you. A breakdown of your car's major working parts cannot cost you a cent for one full year after purchase of the car. Our "National Bonded" A-1 cars get a complete "physical" exam by experts before we sell them. Then we deliver the car to you with a warranty that is good for one full year for 100% of the cost of breakdown repairs. This is one reason our Ford Dealer A-1 used cars are in constant demand. See one of these men for further details.

are you STUCK in a RUT?

Are you satisfied with a humdrum existence . . . just "going through the motions" of a dull, routine job day after day . . . looking forward only to wearisome years of scratching for a living?

Or, have you the nerve to do something about bettering yourself NOW, before it is too late?

The ELECTRONICS INDUSTRY offers today's big opportunity for ambitious men ages 17 to 55, who want something more from life than a bare living. Good, high-paid jobs are going begging right now because there are not enough trained men to fill them. Qualified men can almost "write their own ticket" in this fascinating field—thousands of men earn from $92.00 to $140.00 per week while they build a solid foundation for their future.

United Electronics Laboratories offers training which can qualify you for a highly paid career in Electronics. We are eager to find ambitious men who can be trained under the guidance of our engineers, using the equipment we furnish.

CAN YOU QUALIFY?

1. You must have a sincere desire to better yourself
2. You must have average intelligence.
3. You must be willing to apply yourself to reach your goal.
4. You must be able to make a decision and stick to it.

If you measure up in these essentials, we will send you exciting facts about the almost unlimited opportunities in ELECTRONICS. We want to show you how men like you have graduated to comfortable incomes, a brilliant future, and security for their families and themselves. We want to show how you can prepare yourself AT HOME for a career-position in AUTOMATION, TELEMETERING, COLOR TV, TELEVISION MAINTENANCE-ENGINEERING.

SEND NO MONEY

Rush your name and address for INSIDE FACTS about the ELECTRONICS FIELD. There's absolutely no obligation and no cost for this valuable information. You can see for yourself the possibilities for your future career in ELECTRONICS. But there is no time to waste! You must act now, or run the risk of losing out through oversight. Things are moving swiftly in this amazing industry and "ground floor" opportunities will soon be gone forever!

TEAR OUT THE COUPON before you lay this paper down. Make sure that you know all the facts so that you can make a quick decision as to your future.

are you STUCK in a RUT?

Are you satisfied with a humdrum existence . . . just "going through the motions" of a dull, routine job day after day . . . looking forward only to wearisome years of scratching for a living?

Or, have you the nerve to do something about bettering yourself NOW, before it is too late?

The ELECTRONICS INDUSTRY offers today's big opportunity for ambitious men ages 17 to 55, who want something more from life than a bare living. Good, high-paid jobs are going begging right now because there are not enough trained men to fill them. Qualified men can almost "write their own ticket" in this fascinating field—thousands of men earn from $92.00 to $140.00 per week while they build a solid foundation for their future.

United Electronics Laboratories offers training which can qualify you for a highly paid career in Electronics. We are eager to find ambitious men who can be trained under the guidance of our engineers, using the equipment we furnish.

CAN YOU QUALIFY?

1. You must have a sincere desire to better yourself
2. You must have average intelligence.
3. You must be willing to apply yourself to reach your goal.
4. You must be able to make a decision and stick to it.

If you measure up in these essentials, we will send you exciting facts about the almost unlimited opportunities in ELECTRONICS. We want to show you how men like you have graduated to comfortable incomes, a brilliant future, and security for their families and themselves. We want to show how you can prepare yourself AT HOME for a career-position in AUTOMATION, TELEMETERING, COLOR TV, TELEVISION MAINTENANCE-ENGINEERING.

SEND NO MONEY

Rush your name and address for INSIDE FACTS about the ELECTRONICS FIELD. There's absolutely no obligation and no cost for this valuable information. You can see for yourself the possibilities for your future career in ELECTRONICS.

But there is no time to waste! You must act now, or run the risk of losing out through oversight. Things are moving swiftly in this amazing industry and "ground floor" opportunities will soon be gone forever!

TEAR OUT THE COUPON before you lay this paper down. Make sure that you know all the facts so that you can make a quick decision as to your future.

FFA Chapter In Contest

A business procedure team from the Fox Chapter of the Future Farmers of America will journey to Jeffersonville today to participate in the district business procedure contest.

This contest is held each year to allow the members to demonstrate their abilities in carrying through a complete business meeting of officers' reports, committee reports, unfinished business, new business and the reading of the minutes.

Each team will have to contend with three quizzers from other teams. The Quizzer can second motions, amend motions, rise to a point of order and present a testing situation.

Members of the Fox team will be Jerry Brigner, president; Charley Galloway, vice president; Gary Thompson, secretary; Robert Eitel, treasurer; Jerry Walters, Sentinel; Roy Whaley, student advisor; James O'Conner, Larry Duddleson, second vice president: Eugene Marshall, Charles Fee, Wayne Timmons and Mike Emurine.

Methodist Church To Study Rural, Urban Problems

CINCINNATI (AP)—The Methodist Church will hold a "town and country" conference at Wichita, Kans., next July 21-24.

The conference will consider the interdependance and problems of rural and urban churches.

Announcement of the dates and site came Wednesday at the semi-annual conference here of the church's council of bishops. Approximately 50 bishops are attending the meeting.

The council also heard reports of the church's higher Christian education program. The reports said 550,000 Methodist young people now are attending American colleges and universities and that investments during 1957-58 in the Methodist - related schools have amounted to $930,407,932. That is an increase of $119,000,000 over the previous year.

FFA Chapter In Contest

A business procedure team from the Fox Chapter of the Future Farmers of America will journey to Jeffersonville today to participate in the district business procedure contest.

This contest is held each year to allow the members to demonstrate their abilities in carrying through a complete business meeting of officers' reports, committee reports, unfinished business, new business and the reading of the minutes.

Each team will have to contend with three quizzers from other teams. The Quizzer can second motions, amend motions, rise to a point of order and present a testing situation.

Members of the Fox team will be Jerry Brigner, president; Charley Galloway, vice president; Gary Thompson, secretary; Robert Eitel, treasurer; Jerry Walters, Sentinel; Roy Whaley, student advisor; James O'Conner, Larry Duddleson, second vice president; Eugene Marshall, Charles Fee, Wayne Timmons and Mike Emurine.

Business Briefs

Pickaway Motors, local Ford dealer, today delivered driver training automobiles to Williamsport and Saltcreek High Schools. The autos, furnished free by the dealer, will have dual controls. Receiving the autos were local executives, Cecil Roebuck, Williamsport, and Walter Haney, Saltcreek.

Two Youths Appear In Juvenile Court

Gary Leon Stewart, 17, Walnut St., and Larry Richard Herron, 16, Route 4, yesterday appeared in Pickaway County Juvenile Court before Judge Guy G. Cline.

Stewart and Herron were fined $10 and costs for "drag racing" on S. Court St. The reckless operation fine was suspended as was their driver's license for 30 days. Arrest was made by city police.

Methodist Church To Study Rural, Urban Problems

CINCINNATI (AP)—The Methodist Church will hold a "town and country" conference at Wichita, Kans., next July 21-24.

The conference will consider the interdependance and problems of rural and urban churches.

Announcement of the dates and site came Wednesday at the semi-annual conference here of the church's council of bishops. Approximately 50 bishops are attending the meeting.

The council also heard reports of the church's higher Christian education program. The reports said 550,000 Methodist young people now are attending American colleges and universities and that investments during 1957-58 in the Methodist - related schools have amounted to $930,407,932. That is an increase of $119,000,000 over the previous year.
